+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **Java Spring Boot** microservices and **REST APIs** for enterprise applications, handling feature development, bug fixes, and performance optimisation in production environments serving thousands of concurrent users.
- Designed and implemented **Python** automation scripts and **ETL data pipelines** for scheduled reporting and data validation, improving operational efficiency and enabling real-time insights across business-critical systems.
- Managed high-scale application reliability through **production monitoring** using **Splunk, CloudWatch, and Dynatrace**, achieving **99.5%+ SLA compliance** by diagnosing and resolving P1/P2 incidents with minimal mean-time-to-resolution.
- Built and optimised **CI/CD pipelines** using **Jenkins** and **Git**, implementing code review standards and branching strategies that reduced deployment time by **30%** and improved code quality across teams.
- Engineered cloud-native solutions on **AWS (EC2, S3, Lambda, CloudWatch)** and containerised applications using **Docker**, enabling scalable infrastructure-as-code practices and reducing operational overhead.
- Performed comprehensive **SQL** query optimisation and schema design across **PostgreSQL, MySQL, and Oracle** databases, supporting ad-hoc reporting and data validation for enterprise analytics and compliance requirements.

SKILLS

Backend & Core Languages – Java, Spring Boot, Python, SQL, REST APIs.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Infrastructure-as-Code.

DevOps & Build Tools – Jenkins, Git, CI/CD, Jira, Confluence.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, ETL, data pipelines, pandas, NumPy.

Monitoring & Reliability – Splunk, Dynatrace, production support, SLA management, performance troubleshooting.

Frontend & Web Technologies – Angular, React, HTML, CSS, JavaScript.

Testing & Quality Assurance – unit testing, code reviews, Agile/Scrum methodologies.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Application Modernisation & Reliability Engineering (HCL Technologies)

- Led production support and operational monitoring for multi-tier **Java/.NET enterprise applications**, implementing **Splunk and Dynatrace** dashboards for real-time visibility and reducing incident resolution time by **40%**.
- Developed **Spring Boot microservices** and **REST APIs** to refactor legacy monolithic systems, improving scalability and enabling independent team deployments through **CI/CD automation with Jenkins**.
- Executed performance diagnostics and optimisation on **SQL databases** (PostgreSQL, MySQL, Oracle), resolving bottlenecks and improving query execution time by **35%** for high-volume transaction processing.

Cloud Data Pipeline & Automation Framework (HCL Technologies)

- Architected end-to-end **ETL data pipelines** using **Python, AWS Lambda**, and **S3** for automated reporting and scheduled data validation across multiple business domains.
- Built reusable automation frameworks using **Python scripting, cron jobs**, and **Linux shell** utilities, reducing manual operational tasks by **50%** and enabling self-service analytics for non-technical stakeholders.
- Containerised data processing applications using **Docker** and deployed to **AWS EC2**, ensuring consistent environments and improving deployment reliability across development, staging, and production.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
