PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported enterprise financial and operational systems through **production monitoring** using **Splunk** and **CloudWatch**, managing SLA compliance and P1/P2 incident response with **99.5%** uptime focus—translatable to Finance ERP system reliability and audit readiness.
- Developed and maintained **CSV data interfaces** and automated **ETL pipelines** using **Python** for data validation and scheduled reporting, directly applicable to Business Central master data management and port configuration.
- Executed **database administration** across **PostgreSQL, MySQL, and Oracle** including schema changes, ad-hoc queries, and data integrity validation—essential for Finance ERP master data maintenance and group reporting processes.
- Led cross-functional **CI/CD pipeline** improvements using **Jenkins** and **Git**, coordinated code reviews, and participated in **Agile/Scrum ceremonies**, demonstrating project management and stakeholder communication capabilities.
- Translated business and accounting process requirements into technical solutions by collaborating with finance and operations teams, documenting system landscapes and process improvements across multiple integrated applications.
- Supported international rollout initiatives by configuring system environments, troubleshooting integration issues, and documenting setup procedures—experience directly relevant to subsidiary rollout projects and systems documentation.

SKILLS

ERP & Finance Systems – Data integrity management, master data maintenance, system process documentation, audit support.

Data & Integration – CSV interfaces, ETL pipelines, Python scripting, SQL (PostgreSQL, MySQL, Oracle), data validation.

IT Infrastructure & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Linux, Git, system monitoring.

Project & Process Management – Agile/Scrum, Jira, stakeholder coordination, process documentation, incident management.

Technical Acumen – REST APIs, Java Spring Boot, debugging principles, schema design, system integration.

Education & Qualifications – MSc Data Analytics (National College of Ireland), Bachelor of Engineering Computer Science, IELTS Academic Band 7.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Financial Data Pipeline & Reporting Automation (HCL Technologies)

- Designed and deployed **Python-based ETL pipeline** to extract accounting transaction data from multiple source systems, validate data integrity, and load into centralized reporting database.
- Built automated **CSV port interfaces** for scheduled data exchange between legacy financial systems and enterprise databases, ensuring **zero-error** master data synchronization monthly.
- Documented end-to-end process workflows in **Confluence**, enabling finance stakeholders to understand data flow, validate outputs, and support audit trail requirements across international subsidiaries.

Production Monitoring & Reliability Engineering for Finance-Critical Systems (HCL Technologies)

- Established **Splunk** dashboards and alerts for real-time monitoring of finance application uptime, reducing incident detection time by **40%** and enabling rapid P1/P2 triage.
- Collaborated with finance and IT teams to translate system reliability requirements into monitoring specifications and runbooks, supporting month-end close and group reporting SLA commitments.
- Troubleshoot and resolved system integration issues across **AWS infrastructure, databases**, and application layers, documenting root causes and preventative measures to improve system stability for downstream accounting processes.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
