

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and deployed **Python**-based **data pipelines** and **ETL workflows** processing enterprise datasets, enabling real-time reporting and reducing manual data validation overhead by **40%**
- Built and maintained **REST APIs** and backend services using **Java Spring Boot**, supporting production systems with **99.5% uptime** through rigorous monitoring with **Splunk, CloudWatch, and Dynatrace**
- Architected and optimised **AWS cloud infrastructure (EC2, S3, Lambda, CloudWatch)** for scalability, containerised applications using **Docker**, and automated deployments via **Jenkins CI/CD pipelines**
- Engineered **SQL** data models and complex queries across **PostgreSQL, MySQL, and Oracle** to support analytics and system reliability, directly enabling faster P1/P2 incident resolution
- Implemented automated monitoring and alerting systems in production environments, reducing mean-time-to-resolution by **35%** through proactive system design and continuous performance optimisation
- Collaborated across cross-functional teams in Agile/Scrum environments, leveraging **Git, Jira, and Confluence** to deliver features end-to-end from design through deployment and production support

SKILLS

AI & Machine Learning – Python, pandas, NumPy, data engineering, model evaluation.

Backend & API Development – Java Spring Boot, REST APIs, FastAPI, Flask, system design.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, distributed systems.

Data Engineering – ETL pipelines, SQL (PostgreSQL, MySQL, Oracle), data architecture, schema optimisation.

DevOps & Production Systems – Jenkins, Git, CI/CD, Splunk, Dynatrace, monitoring, reliability engineering.

Frontend Technologies – React, Angular.

Professional – Agile/Scrum, Jira, Confluence, IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Data Pipeline & Automation System (HCL Technologies)

- Designed and deployed **Python**-based **ETL pipeline** integrating multiple data sources into a centralised **PostgreSQL** warehouse, reducing data processing time from **4 hours to 45 minutes**
- Built automated **scheduled reporting workflows** using **Python scripting** and cron jobs on **Linux** infrastructure, eliminating manual reporting overhead for stakeholder teams

- Implemented data validation and quality checks using **pandas and NumPy**, ensuring **99.8% data accuracy** across downstream analytics and business intelligence systems

Production Reliability & Cloud Optimisation Initiative (HCL Technologies)

- Engineered comprehensive monitoring and alerting framework using **Splunk, CloudWatch, and Dynatrace** across **AWS** infrastructure, reducing incident response time by **35%**
- Architected **containerised microservices** using **Docker** and deployed via automated **Jenkins CI/CD pipelines**, improving deployment frequency from weekly to daily releases
- Optimised **REST APIs** and **Spring Boot** backend services through performance profiling and database query tuning, achieving **99.5% uptime SLA** across production environments

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
