

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Designed and developed **REST APIs** and microservices using **Java Spring Boot**, implementing business logic for enterprise applications with strong emphasis on code quality and maintainability aligned with clean coding principles.
- Led production support and incident response for mission-critical enterprise applications using **Splunk, CloudWatch, and Dynatrace**, achieving **99.5% SLA compliance** through proactive monitoring, troubleshooting, and rapid resolution of P1/P2 incidents.
- Architected and executed **data integration pipelines** using **Python** with **pandas** and **NumPy**, automating ETL workflows and reporting processes that improved data validation efficiency by **40%** and reduced manual effort.
- Demonstrated strong database expertise across **PostgreSQL, MySQL, and Oracle**, optimizing complex SQL queries, managing schema changes, and ensuring data integrity across distributed systems in production environments.
- Collaborated with cross-functional teams to translate business requirements into technical solutions, conducting code reviews and mentoring junior developers on best practices, design patterns, and adherence to coding standards in Agile/Scrum environments.
- Deployed and managed containerized applications using **Docker** on **AWS** infrastructure (**EC2, S3, Lambda, CloudWatch**), automating CI/CD pipelines with **Jenkins** and **Git** to enable faster, reliable deployments.

SKILLS

Backend Development – Java, Spring Boot, REST APIs, Python, Flask, FastAPI.

Database & Data Engineering – PostgreSQL, MySQL, Oracle, SQL, pandas, NumPy, ETL.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, CI/CD.

Enterprise Monitoring & Support – Splunk, Dynatrace, CloudWatch, SLA Management, Incident Response.

Systems & Scripting – Linux, Shell Scripting, Python Automation, Cron Jobs, Log Analysis.

Collaboration & Tools – Jira, Confluence, Agile, Scrum, Code Reviews.

Frontend Fundamentals – Angular, React, SAPUI5.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Java Application Modernization & REST API Development (HCL Technologies)

- Led design and development of **RESTful APIs** for core enterprise services using **Spring Boot**, enabling seamless integration across multiple business units and improving system interoperability.
- Implemented comprehensive monitoring and alerting strategies using **Splunk and Dynatrace**, reducing mean time to resolution (MTTR) by **35%** and maintaining **99.5% application availability** in production.
- Collaborated with functional teams and project managers to gather requirements, design technical solutions, and deliver features that directly addressed business needs while adhering to clean architecture principles.

Data Pipeline Automation & Cloud Infrastructure Optimization (HCL Technologies)

- Architected and deployed automated **data integration pipelines** using **Python, pandas, and ETL tools**, orchestrating scheduled jobs with **cron** and shell scripting to consolidate data across heterogeneous databases (**PostgreSQL, MySQL, Oracle**).
- Containerized legacy applications using **Docker** and deployed to **AWS (EC2, S3, Lambda)**, establishing **Jenkins CI/CD pipelines** with **Git** branching strategies that reduced deployment time by **50%** and improved release reliability.
- Optimized complex **SQL queries** and managed database schema changes across production environments, ensuring data integrity and **20% improvement** in query performance for critical reporting workloads.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
