

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Researched and implemented **Python automation scripts** for data pipelines and ETL workflows, reducing manual reporting time by **30%** and improving data accuracy across enterprise systems
- Designed and tested **REST APIs** and **Spring Boot microservices**, identifying integration opportunities between systems and documenting clear process workflows for cross-functional teams
- Monitored production systems using **Splunk, Dynatrace, and CloudWatch**, analysing logs and system behaviour to troubleshoot issues and support business reliability—directly relevant to testing and validating AI tool outputs
- Built **CI/CD pipelines with Jenkins** and managed **Docker containerisation**, gaining hands-on experience with automation platforms, system integrations, and deployment workflows
- Performed **SQL data analysis** across **PostgreSQL, MySQL, and Oracle** to extract insights, validate data quality, and support decision-making—transferable to AI knowledge base curation and output validation
- Led process improvement initiatives through Agile ceremonies, working cross-functionally with operations and support teams to identify inefficiencies and document manual workflows for automation

SKILLS

AI & Automation – AI research and testing, workflow automation, prompt engineering, business process automation.

Programming & Scripting – Python, Java, SQL, Shell scripting, REST API development.

Cloud & Systems Integration – AWS (EC2, S3, Lambda, CloudWatch), Docker, APIs, Git, Jenkins.

Data Analysis & Reporting – SQL (PostgreSQL, MySQL, Oracle), pandas, data pipeline design, dashboard support.

Business Systems & Tools – Jira, Confluence, spreadsheets, document management, CRM basics, Agile/Scrum.

Monitoring & Quality Assurance – Splunk, Dynatrace, log analysis, system reliability, testing and documentation.

Professional – Problem-solving, cross-functional collaboration, process documentation, staff training, IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Data Pipeline Automation (HCL Technologies)

- Designed and deployed **Python automation scripts** to extract, transform, and load data from multiple sources, eliminating manual data entry and reducing processing time by **40%**
- Created scheduled **cron jobs** and **ETL workflows** that generated automated reports for stakeholder review, improving data delivery consistency and timeliness
- Documented entire process workflows, system dependencies, and troubleshooting steps for handover to operations team—demonstrating ability to turn technical solutions into clear business documentation

Production Monitoring & Incident Response (HCL Technologies)

- Monitored enterprise applications using **Splunk, Dynatrace, and AWS CloudWatch**, identifying patterns and testing alerts to reduce mean-time-to-detection for critical issues
- Analysed system logs and performance data to diagnose root causes of failures, testing remediation steps before rollout across production environments—relevant to AI output validation and quality assurance
- Supported SLA compliance through **P1/P2 incident response**, collaborating with development teams to document lessons learned and improve system reliability for business continuity

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
