PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and SLA compliance** for enterprise applications using **Splunk** and **CloudWatch**, responding to **P1/P2 incidents** with strong attention to accuracy and process adherence—directly transferable to accounts payable incident resolution and creditor query management.
- Processed and validated **large volumes of financial data** through **Python** automation and **SQL** queries across **PostgreSQL, MySQL, and Oracle** databases, ensuring **data accuracy and compliance**—core competencies for invoice processing and creditor reconciliation.
- Built and maintained **automated data pipelines** and **ETL workflows** for scheduled reporting and cost tracking, demonstrating strong organisational skills and ability to handle **variable workloads** with precision.
- Collaborated cross-functionally with stakeholders using **Jira, Confluence**, and Agile ceremonies to track requirements and defects, ensuring transparency and timely resolution—essential for inter-departmental collaboration in Finance teams.
- Demonstrated advanced **spreadsheet and data analysis** experience through ad-hoc reporting and data validation tasks, with proficiency in structuring, filtering, and presenting financial information for review and approval.
- Completed **MSc in Data Analytics** with focus on data validation, process optimisation, and attention to detail—complemented by **IELTS Academic Band 7** fluency in written and verbal English for clear communication with suppliers and internal teams.

SKILLS

Finance & Accounting Systems – Invoice processing, creditor management, cost accruals, financial data accuracy.

Technical & IT Proficiency – SQL, Python, data validation, spreadsheet analysis, Git, Linux, Docker.

Data Management & Reporting – ETL workflows, automated pipelines, data reconciliation, ad-hoc reporting, scheduled reports.

Production Support & Compliance – SLA management, P1/P2 incident response, audit readiness, process adherence.

Collaboration & Communication – Jira, Confluence, Agile/Scrum, cross-functional teamwork, stakeholder engagement, fluent English.

Organisational Competencies – Detail-oriented, flexible workload management, accuracy focus, supplier relations.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Production Support & Cost Tracking (HCL Technologies)

- Monitored production systems using **Splunk, CloudWatch, and Dynatrace**, identifying cost anomalies and performance issues with **SLA compliance focus**—skillset directly applicable to accrual accuracy review and cost variance detection.
- Managed **incident escalation and resolution workflows** through **Jira ticketing**, ensuring all P1/P2 issues were resolved within agreed timeframes—transferable to urgent creditor queries and payment list discrepancies.
- Executed **Python automation scripts** for cost data extraction and validation across multiple environments, reducing manual effort and improving data reliability for financial tracking.

Data Pipeline & Financial Reporting Automation (HCL Technologies)

- Designed and deployed **ETL pipelines using Python** to process large volumes of transactional data, with **SQL** validation against **PostgreSQL and Oracle** databases—core experience for subcontractor cost uploads and invoice batch processing.
- Built scheduled reporting workflows using **Jenkins CI/CD pipelines** to generate weekly and monthly financial summaries for stakeholder review, demonstrating ability to deliver consistent, accurate reports under tight deadlines.
- Implemented **data reconciliation checks** and automated cost accrual adjustments, ensuring alignment between source systems and financial records—directly relevant to creditor statement reconciliation and accrual review responsibilities.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
