PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Owned production support and incident response for enterprise Java/.NET applications serving high-SLA environments, resolving **P1/P2 incidents** through root-cause analysis using **Splunk, CloudWatch, and Dynatrace**; demonstrated troubleshooting and customer advocacy across distributed systems.
- Architected and deployed containerized microservices using **Docker** on **AWS infrastructure** (EC2, S3, Lambda), gaining hands-on experience with cloud deployment patterns and infrastructure-as-code principles applicable to multi-node environments.
- Built **Python automation scripts** and **ETL pipelines** for data validation and scheduled reporting; demonstrated scripting proficiency in system administration and operational automation across Linux environments.
- Developed **REST APIs** and feature work in **Java Spring Boot**, performing code reviews and CI/CD pipeline management via **Jenkins**; contributed to reliability improvements and product readiness in Agile/Scrum ceremonies.
- Performed ad-hoc **SQL database diagnostics** (PostgreSQL, MySQL, Oracle) including schema changes and query optimization; built foundational understanding of data layer performance and system-level troubleshooting.
- Completed **MSc in Data Analytics** with coursework in system design and performance analysis; holds industry certifications in **Full Stack Java Spring Boot & Angular** and web development, demonstrating commitment to technical depth and cloud-native technologies.

SKILLS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux administration, shell scripting.

Kubernetes & Containerization – Docker, container deployment patterns, multi-node system concepts.

Programming & Scripting – Python, Java, SQL (PostgreSQL, MySQL, Oracle), shell scripting.

Backend & Web Technologies – Spring Boot, REST APIs, HTTP, Git, Jenkins CI/CD.

Observability & Troubleshooting – Splunk, Dynatrace, CloudWatch, log analysis, SLA management, incident response.

Systems & Operations – Linux, networking fundamentals, Jira, Agile methodologies, data pipeline architecture.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Application Reliability & Incident Response (HCL Technologies)

- Led production support for mission-critical Java/.NET applications with strict SLA requirements, diagnosing and resolving incidents across distributed systems using **Splunk**, **CloudWatch**, and **Dynatrace**.
- Performed deep-dive troubleshooting of application performance and infrastructure issues; identified patterns in P1/P2 incidents and documented root causes to prevent recurrence.
- Collaborated with engineering teams to reproduce and validate fixes; advocated for customer needs in post-incident reviews, driving improvements to monitoring and alerting strategies.

Cloud Containerization & Automation Pipeline (HCL Technologies)

- Designed and deployed containerized microservices using **Docker** on **AWS infrastructure**, automating deployment workflows with **Jenkins** CI/CD pipelines and Git-based version control.
- Developed **Python automation scripts** for system administration tasks, data validation, and scheduled ETL reporting; optimized operational efficiency and reduced manual intervention.
- Gained hands-on experience with cloud-native deployment patterns, infrastructure monitoring via **CloudWatch**, and multi-tier application scaling—foundational skills for Kubernetes and GCP environments.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
