

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Partnered with cross-functional teams to deliver **workforce monitoring dashboards** using **Splunk and CloudWatch**, translating complex operational metrics into executive-ready insights for SLA management and P1/P2 incident response.
- Designed and deployed **Python-based data pipelines** for ETL and automated reporting, processing enterprise datasets across **PostgreSQL, MySQL, and Oracle** to support data-driven decision-making across business units.
- Developed **REST APIs and microservices** using **Java Spring Boot**, enabling seamless data integration across disparate people and operational systems—directly supporting business intelligence and analytics initiatives.
- Led **ad hoc analytics and troubleshooting** across cloud infrastructure (**AWS EC2, S3, Lambda**), identifying performance trends and organizational health risks through log analysis and **Linux shell scripting**.
- Collaborated with stakeholders across product, engineering, and operations teams on **strategic problem-solving**, using data storytelling to translate technical findings into clear, actionable recommendations for leadership.
- Managed **CI/CD pipelines with Jenkins and Git**, ensuring code quality through rigorous reviews and Agile ceremonies—building reliability and trust in data systems supporting critical business processes.

SKILLS

Data & Analytics – Python, SQL (PostgreSQL, MySQL, Oracle), ETL, data pipelines, pandas, NumPy.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Backend Development – Java, Spring Boot, REST APIs, FastAPI, Flask.

Observability & Monitoring – Splunk, Dynatrace, CloudWatch, dashboard design, incident response.

Tools & Platforms – Jenkins, Git, Jira, Confluence, Agile/Scrum.

Business Acumen – data storytelling, cross-functional collaboration, requirements gathering, QBR support.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Reliability (HCL Technologies)

- Architected and maintained **production monitoring dashboards** in **Splunk and Dynatrace** for mission-critical Java/.NET applications, enabling real-time visibility into system health and organizational reliability metrics.

- Reduced mean time to resolution (MTTR) for P1/P2 incidents by **30%** through proactive alerting, automated root cause analysis, and clear incident narratives—demonstrating strong data storytelling for technical and business stakeholders.
- Partnered with platform and infrastructure teams to standardize SLA definitions and reporting, translating complex operational data into executive-ready quarterly health summaries for leadership review.

Workforce Data Integration & Automation Pipeline (HCL Technologies)

- Engineered an **end-to-end Python ETL pipeline** that consolidated employee lifecycle data from **multiple SQL databases** and cloud systems, enabling real-time analytics on hiring, attrition, and organizational trends.
- Developed automated **scheduled reporting workflows** using **Python, cron jobs, and AWS Lambda**, reducing manual reporting effort by **40%** and improving data freshness for People and GTM teams.
- Built **REST APIs using Spring Boot** to expose cleaned workforce datasets to downstream analytics tools, ensuring data governance and enabling self-service insights for HR Business Partners and business leaders.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
