PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Led **production support and monitoring** of enterprise applications using **Splunk, CloudWatch, and Dynatrace**, managing SLA compliance and responding to P1/P2 incidents with systematic root-cause analysis and preventive measures.
- Designed and executed **data pipelines and ETL workflows** using **Python** (pandas, NumPy) and **SQL** (PostgreSQL, MySQL, Oracle) to extract, validate, and integrate multi-source datasets for reporting and analysis.
- Developed **REST APIs and microservices** using **Java Spring Boot**, implementing features and bug fixes while maintaining code quality through Git branching strategies and peer code reviews in Agile/Scrum environments.
- Automated operational workflows through **Python scripting, shell scripting, and Linux** administration, including log analysis, cron job scheduling, and infrastructure management across on-premises and cloud environments.
- Provisioned and managed cloud infrastructure on **AWS (EC2, S3, Lambda, CloudWatch)** and containerized applications using **Docker**, streamlining deployment pipelines via **Jenkins CI/CD** orchestration.
- Completed **MSc in Data Analytics** with coursework in statistical modeling, data science methodologies, and quantitative analysis—complementing 3.5 years of hands-on experience in data-driven problem-solving across healthcare and enterprise domains.

SKILLS

Programming & Data Engineering – Python, Java, SQL, pandas, NumPy, Flask, FastAPI.

Clinical & Quantitative Analysis – Statistical methods, data modeling, ad-hoc analysis, schema validation, ETL design.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Backend & API Development – Spring Boot, REST APIs, microservices, code review.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, incident management, SLA tracking.

Project & Process Management – Jira, Confluence, Agile/Scrum, cross-functional collaboration.

Databases – PostgreSQL, MySQL, Oracle, data validation, query optimization.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Reliability & Data Integration (HCL Technologies)

- Monitored and maintained **Java/.NET enterprise applications** in production using **Splunk and Dynatrace**, resolving critical incidents within SLA windows through systematic log analysis and root-cause investigation.
- Designed **Python-based ETL pipelines** to consolidate application telemetry and business data from multiple sources into centralized repositories, reducing manual reporting effort by automating **SQL queries** and scheduled jobs.
- Implemented **Docker containerization** for legacy services and orchestrated deployments via **Jenkins CI/CD pipelines**, improving environment consistency and reducing deployment time across development, staging, and production.

REST API Development & Cloud Infrastructure Automation (HCL Technologies)

- Developed and maintained **Spring Boot REST APIs** for enterprise microservices, implementing feature enhancements and defect fixes while ensuring code quality through peer reviews and Git-based version control.
- Automated infrastructure provisioning and operational workflows using **Python scripting, shell scripts, and Linux** administration, including AWS Lambda function deployment for event-driven data processing tasks.
- Provisioned **AWS resources** (EC2, S3, Lambda, CloudWatch) to support application scaling and monitoring, integrating cloud infrastructure with on-premises systems via secure networking and automated failover mechanisms.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
