+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Led **production support and operational reliability** for enterprise Java/.NET applications across **Splunk, CloudWatch, and Dynatrace**, managing SLA commitments and responding to P1/P2 incidents with documented resolution protocols.
- Designed and implemented **Python-based data pipelines and ETL workflows** for automated reporting and data validation, supporting data management requirements across multiple stakeholder teams.
- Managed **SQL databases (PostgreSQL, MySQL, Oracle)** including schema design, ad-hoc query development, and data integrity validation for enterprise applications.
- Supported **CI/CD governance** through **Jenkins pipeline** administration, Git version control, and code review processes to ensure quality and consistency in deployments.
- Coordinated cross-functional communication and documentation using **Jira and Confluence**, maintaining audit trails, defect tracking, and Agile ceremony participation aligned with operational best practices.
- Completed **MSc in Data Analytics** (National College of Ireland, Dublin, Feb 2026), combining advanced data management theory with practical experience in analytics, visualization, and stakeholder reporting.

SKILLS

Project Management & Operations – operational support, SLA management, incident response, stakeholder coordination, Jira administration, Agile/Scrum.

Data Management & Digital – data pipelines, ETL design, SQL (PostgreSQL, MySQL, Oracle), Python pandas and NumPy, data validation, reporting automation.

Backend & Cloud Technologies – Java Spring Boot, REST API development, AWS (EC2, S3, Lambda, CloudWatch), Docker containerisation.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, log analysis, Linux shell scripting, production issue triage.

Documentation & Communication – technical writing, report generation, document review and editing, Confluence documentation, communication with non-technical stakeholders.

DevOps & Version Control – Jenkins CI/CD pipelines, Git branching strategies, code reviews, Linux system administration.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Reliability & Data Governance (HCL Technologies, Sep 2021 – Jan 2025)

- Established **production monitoring protocols** using **Splunk and Dynatrace** for real-time application health, reducing incident detection time and improving MTTR through proactive alerting and root cause analysis documentation.
- Built **Python automation scripts** for scheduled data extraction, transformation, and validation across multiple source systems, enabling **operational teams to generate compliance and performance reports** without manual intervention.
- Maintained **SQL schema integrity** and performance for PostgreSQL and Oracle databases, executing change controls and data audits to support regulatory and operational requirements.

CI/CD Pipeline & Code Quality Support (HCL Technologies, Sep 2021 – Jan 2025)

- Administered **Jenkins CI/CD pipelines** and Git workflows, reviewing code quality, managing branch strategies, and ensuring deployments met operational standards.
- Collaborated with development and QA teams to **document deployment procedures, troubleshooting guides, and incident runbooks** in Confluence, supporting knowledge sharing and team consistency.
- Supported **AWS infrastructure management** (EC2, S3, Lambda) and **Docker containerisation**, enabling reliable and scalable application deployments.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
