PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and infrastructure monitoring** for enterprise applications using **Splunk, CloudWatch, and Dynatrace**, managing SLA compliance and responding to **P1/P2 incidents** with focus on system reliability and uptime optimization.
- Designed and implemented **Python automation scripts** for data pipelines, ETL workflows, and scheduled reporting, reducing manual operational overhead and improving data governance processes.
- Architected and deployed cloud infrastructure on **AWS (EC2, S3, Lambda, CloudWatch)** with **Docker containerization**, establishing security-by-design principles and infrastructure-as-code practices for scalable, resilient solutions.
- Implemented **CI/CD pipelines using Jenkins and Git**, managing code reviews and deployment automation across development and production environments to accelerate delivery cycles.
- Managed complex **SQL databases (PostgreSQL, MySQL, Oracle)** including schema design, optimization, and data validation for enterprise applications; performed ad-hoc queries for business intelligence and compliance auditing.
- Conducted **Linux system administration, log analysis, and shell scripting** for infrastructure troubleshooting; implemented security monitoring and configuration management across on-premises and cloud environments.

SKILLS

Cloud & Infrastructure – Microsoft Azure, AWS (EC2, S3, Lambda, CloudWatch), Docker, Hyper-V, virtualization concepts.

Enterprise Platforms – Java Spring Boot, REST APIs, SQL (PostgreSQL, MySQL, Oracle), Python, Flask, FastAPI.

Security & Governance – Splunk, Dynatrace, CloudWatch, production monitoring, SLA management, incident response, security posture assessment.

Infrastructure & DevOps – Jenkins, Git, CI/CD pipelines, Linux, shell scripting, configuration management, containerization.

Data & Analytics – Python, pandas, NumPy, ETL workflows, data pipelines, SQL data validation, ad-hoc reporting.

Professional & Soft Skills – Customer engagement, problem-solving, Agile/Scrum, Jira, Confluence, technical documentation, passion for continuous learning.

Certifications & Education – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7, Full Stack Java Spring Boot & Angular, web development, Python programming.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Reliability Engineering (HCL Technologies)

- Led **production support operations** for mission-critical enterprise Java/.NET applications, implementing comprehensive monitoring dashboards in **Splunk and Dynatrace** to track application health, performance metrics, and SLA compliance.
- Reduced **incident response time by 30%** through automation of **Python-based alerting scripts** and incident escalation workflows, enabling faster detection and resolution of P1/P2 issues.
- Designed and implemented **data validation pipelines** using **SQL and Python** to audit application data integrity, identify anomalies, and support compliance and governance requirements across enterprise databases.

Cloud Infrastructure Modernization & Automation (HCL Technologies)

- Architected and deployed **AWS cloud infrastructure (EC2, S3, Lambda)** with **Docker containerization** to migrate legacy on-premises services, improving scalability and reducing infrastructure costs.
- Implemented **Jenkins CI/CD pipelines** integrated with **Git** for automated testing, code review workflows, and production deployments, standardizing release processes across development teams.
- Automated operational tasks using **Python scripting, Linux shell scripts, and scheduled cron jobs**, including log analysis, system health checks, and configuration management, reducing manual effort by approximately 40%.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
