PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and maintained **Python-based ETL data pipelines** and automated reporting workflows, processing millions of records daily using **pandas** and **NumPy** for data validation and transformation across enterprise systems.
- Built **REST APIs** and microservices using **Java Spring Boot** deployed on **AWS** infrastructure (**EC2, S3, Lambda**), with containerization via **Docker** and orchestration through **Jenkins CI/CD pipelines** following software engineering best practices.
- Implemented comprehensive **SQL** solutions across **PostgreSQL, MySQL, and Oracle** for database design, schema optimization, and ad-hoc data inspection—enabling rapid investigation of data quality issues and error patterns.
- Developed production monitoring and reliability engineering workflows using **Splunk, CloudWatch, and Dynatrace**, achieving **99.5% SLA uptime** through P1/P2 incident response and real-time system observability.
- Collaborated across cross-functional teams (Data Science, DevOps, QA) in Agile/Scrum environments using **Jira** and **Git** for version control, code reviews, and infrastructure-as-code automation on **Linux** systems.
- Completed **MSc in Data Analytics** with expertise in statistical analysis, data engineering principles, and scalable data system design—complementing hands-on experience building tools for data visualization and quality assessment.

SKILLS

Data & Cloud Engineering – Python, SQL, ETL pipeline design, AWS (EC2, S3, Lambda, CloudWatch), Docker, data validation.

Software Development – Java Spring Boot, REST APIs, CI/CD (Jenkins), Git, code review practices, API/SDK integration.

Data Processing & Analytics – pandas, NumPy, PostgreSQL, MySQL, Oracle, data inspection, schema design.

Monitoring & Reliability – Splunk, Dynatrace, production support, SLA management, incident response.

Tools & Collaboration – Jira, Confluence, Linux, shell scripting, Agile/Scrum, GitHub.

Education – MSc Data Analytics, Bachelor of Engineering (Computer Science), full-stack development certification.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Data Pipeline & Automation Framework (HCL Technologies)

- Architected **Python**-based **ETL pipelines** to ingest, validate, and transform enterprise data from multiple sources, reducing manual processing time by **60%** and improving data quality for downstream analytics.
- Integrated **REST APIs** with third-party cloud systems, handling authentication, error recovery, and data serialization for seamless cross-platform data flow.
- Deployed pipeline orchestration using **Jenkins** and scheduled **cron jobs** on **Linux**, achieving automated reporting and enabling real-time data quality inspection across **SQL** databases.

Production Monitoring & Reliability Engineering Platform (HCL Technologies)

- Implemented observability framework using **Splunk**, **CloudWatch**, and **Dynatrace**, collecting and analyzing tens of millions of events daily to detect anomalies and data quality issues in real-time.
- Built custom dashboards and visualization tools for error pattern investigation, enabling data science teams to diagnose model performance degradation and bias detection within milliseconds of occurrence.
- Established **CI/CD best practices** and automated alerting pipelines in **Jenkins**, reducing mean-time-to-resolution (MTTR) for production incidents by **45%** and maintaining **99.5% SLA uptime**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
