PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Tracked and analyzed **production application performance** across enterprise Java/.NET systems using **Splunk, CloudWatch, and Dynatrace**; managed P1/P2 incident response and SLA compliance, ensuring **99.5%+ uptime** and cost optimization.
- Developed **Python automation scripts** and **ETL data pipelines** for cost tracking, financial reporting, and scheduled data validation across **PostgreSQL, MySQL, and Oracle** databases; reduced manual reporting effort by **40%**.
- Prepared and maintained accurate **job costing records** using **SQL ad-hoc queries** and data reconciliation; tracked labor, material, and resource expenses to support project financial transparency and audit compliance.
- Collaborated with operations and project teams to deliver **REST APIs and Spring Boot microservices**; ensured timely deployment via **Jenkins CI/CD pipelines** and **Git** version control, supporting real-time financial data workflows.
- Managed **AWS infrastructure** (EC2, S3, Lambda, CloudWatch) for reliable project data storage and monitoring; containerized applications using **Docker** to improve deployment consistency and cost tracking accuracy.
- Communicated financial insights and technical findings to stakeholders through clear documentation in **Jira and Confluence**; participated in Agile ceremonies and cross-functional reviews to align project delivery with budgetary and operational goals.

SKILLS

Project Financial Management – job costing, cost tracking and analysis, budget monitoring, variance analysis, financial reporting.

Data & Analytics – SQL (PostgreSQL, MySQL, Oracle), Python, pandas, NumPy, ETL, data validation, ad-hoc queries.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

Software Development – Java, Spring Boot, REST APIs, Flask, FastAPI.

DevOps & Collaboration – Jenkins, Git, CI/CD pipelines, Jira, Confluence, Agile/Scrum.

Monitoring & Compliance – Splunk, Dynatrace, SLA management, incident response, audit support.

Qualifications – MSc Data Analytics, Bachelor of Engineering in Computer Science, IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Cost Optimization (HCL Technologies)

- Monitored 5+ **production Java and .NET applications** using **Splunk, CloudWatch, and Dynatrace**; tracked resource costs and performance metrics to identify cost drivers and optimization opportunities.
- Responded to **P1/P2 production incidents** with rapid diagnosis and resolution; maintained **SLA compliance** through proactive alerting and root-cause analysis.
- Automated incident reporting and cost summaries using **Python scripts** against **PostgreSQL and Oracle databases**; delivered bi-weekly financial performance reports to operations leadership.

Financial Data Pipeline & Billing Automation (HCL Technologies)

- Designed and deployed **ETL Python pipelines** on **AWS Lambda** to extract project cost data from **MySQL and Oracle**, validate accuracy, and load into reporting systems; reduced manual data reconciliation time by **35%**.
- Built **Spring Boot REST APIs** to expose job costing and billing data; integrated with **Jenkins CI/CD** for automated testing and deployment to ensure data accuracy and system reliability.
- Containerized pipeline applications using **Docker** and deployed to **AWS EC2**; monitored execution via **CloudWatch** to ensure timely, compliant billing and financial close activities.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
