PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented **ETL data pipelines** using **Python** and **SQL** (PostgreSQL, MySQL, Oracle) to extract, transform, and distribute data across enterprise systems; automated scheduled reporting reducing manual effort by **40%**
- Managed production reliability and incident response for enterprise **Java Spring Boot** and .NET applications using **Splunk, CloudWatch, and Dynatrace**; resolved **P1/P2 incidents** maintaining **99.5% SLA uptime**
- Built and optimized **REST APIs** on **Spring Boot** framework; performed complex **SQL** query optimization and schema migrations supporting high-throughput data integration across multiple systems
- Architected **AWS** infrastructure leveraging **EC2, S3, Lambda, and CloudWatch** for scalable data acquisition and processing; containerized applications using **Docker** improving deployment consistency
- Established robust **CI/CD pipelines** using **Jenkins, Git, and Maven**; enforced code quality standards through peer reviews and automated testing, enabling faster cloud deployments
- Developed data validation and monitoring frameworks using **pandas and NumPy**; troubleshoot complex data integration issues across disparate systems, providing problem-solving expertise to cross-functional teams

SKILLS

Data Engineering & Integration – ETL pipelines, data extraction/transformation, SQL optimization, data validation, data pipeline automation.

AWS & Cloud Technologies – EC2, S3, Lambda, CloudWatch, Infrastructure as Code fundamentals, cloud data storage patterns.

Programming Languages – Python, Java, SQL (PostgreSQL, MySQL, Oracle), Shell scripting.

Backend Development – Spring Boot, REST API design and development, microservices architecture.

DevOps & CI/CD – Jenkins, Git, Maven, Docker, containerization, code review practices, Agile/Scrum.

Data Analysis & Tools – pandas, NumPy, Splunk, Dynatrace, data modeling concepts, business intelligence integration.

Additional Competencies – Linux system administration, log analysis, performance troubleshooting, cross-team collaboration.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Data Integration Platform (HCL Technologies)

- Engineered **Python-based ETL workflows** integrating data from multiple enterprise systems into centralized repositories; implemented **SQL-driven data validation** ensuring **99.2% data accuracy**
- Deployed scalable **AWS Lambda** functions for event-driven data processing and automated reporting; optimized **S3 storage strategies** reducing infrastructure costs by **30%**
- Collaborated with Product Management and Integration Engineering teams to gather requirements and deliver extensible data acquisition solutions meeting both functional and non-functional requirements

Production Reliability & Monitoring Framework (HCL Technologies)

- Implemented comprehensive monitoring dashboards using **Splunk and Dynatrace** for **Java Spring Boot** and **.NET** applications; reduced incident detection time by **50%** through proactive alerting
- Developed **Python automation scripts** and **shell scripting** for routine operational tasks and health checks; established self-healing capabilities reducing manual intervention by **45%**
- Maintained **99.5% SLA uptime** through rapid P1/P2 incident response; performed root cause analysis and implemented preventative measures in collaboration with system admin and quality engineering teams

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
