

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and developed **Java Spring Boot** REST APIs and microservices for enterprise applications, ensuring **secure, high-quality code** that met architectural standards and improved system stability in large corporate environments
- Architected and optimized **AWS cloud services** (EC2, S3, Lambda, CloudWatch) for scalable application deployment, reducing infrastructure costs and enhancing reliability across production workloads
- Automated recurring operational issues through **Python scripting, ETL pipelines**, and scheduled reporting, improving software stability and reducing manual incident resolution time by **40%**
- Analyzed existing enterprise application codebases and performed **SQL optimization** (PostgreSQL, MySQL, Oracle) to enhance functionality, fix defects, and build new services supporting **P1/P2 incident response** with **SLA compliance**
- Implemented **CI/CD pipelines** using **Jenkins** and **Git**, enforced code review standards, and participated in Agile ceremonies to ensure application resiliency and modern development practices
- Demonstrated cross-functional collaboration and reliability engineering expertise through production monitoring with **Splunk, CloudWatch, and Dynatrace**, managing enterprise application health and business process continuity

SKILLS

Languages & Frameworks – Java, Spring Boot, Python, SQL, REST APIs.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, CI/CD, Git.

Databases – PostgreSQL, MySQL, Oracle.

Monitoring & Reliability – Splunk, Dynatrace, application performance monitoring, incident response.

Development Practices – Agile, Scrum, Jira, system design, SDLC, code review.

Additional Skills – Linux, shell scripting, data pipelines, Flask, FastAPI, React, Angular.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Microservices Reliability Platform (HCL Technologies)

- Developed **Spring Boot microservices** for production monitoring and incident automation, integrating with **Splunk and CloudWatch** to reduce P1/P2 response time and maintain SLA compliance
- Designed secure REST APIs for cross-system data synchronization, implementing code quality standards and architectural best practices for large-scale enterprise applications

- Optimized system stability through automated alerting and **Python automation scripts**, enabling proactive resolution of recurring issues and improving overall platform reliability

AWS Cloud Data Pipeline & Analytics Service (HCL Technologies)

- Architected and deployed **AWS Lambda** functions with **S3** integration to build scalable **ETL pipelines**, processing enterprise data and generating automated scheduled reports
- Performed **SQL optimization** and data validation queries across **PostgreSQL and Oracle** databases, transforming raw data into actionable insights for business stakeholders
- Containerized services using **Docker** and managed infrastructure via **Jenkins CI/CD pipelines**, ensuring consistent deployments and reducing manual operational overhead by **35%**

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
