

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented **secure enterprise Java Spring Boot REST APIs** with authentication and authorization controls, ensuring **zero security regressions** in production environments serving 50+ internal stakeholders.
- Conducted **vulnerability assessments and threat modelling** on cloud-native applications using **AWS (EC2, S3, Lambda, CloudWatch)** and containerized workloads with **Docker**, identifying and remediating critical security gaps.
- Built **automated Python data pipelines and ETL workflows** for security event analysis and compliance reporting, reducing manual audit effort by **40%** and enabling real-time threat detection across enterprise systems.
- Managed production reliability and security monitoring using **Splunk, Dynatrace, and CloudWatch**, responding to **P1/P2 incidents** with focus on tamper-proof audit trails and control effectiveness validation.
- Developed **Infrastructure as Code foundations** using **Jenkins CI/CD pipelines** and **Git** workflows to enforce secure software delivery practices, enabling rapid deployment of security controls across distributed environments.
- Collaborated with cross-functional teams to translate security requirements into technical implementations, designing controls aligned with regulatory standards and business continuity needs for enterprise applications.

SKILLS

Cloud & Security – AWS (EC2, S3, Lambda, CloudWatch), Docker, CI/CD (Jenkins), Git.

Programming & Development – Python, Java, Spring Boot, REST APIs, Flask, FastAPI.

Data & Analytics – SQL (PostgreSQL, MySQL, Oracle), ETL, pandas, NumPy, Data Pipelines.

Security & Monitoring – Splunk, Dynatrace, Threat Modelling, Vulnerability Assessment, IAM.

Tools & Platforms – Jira, Confluence, Linux, Shell Scripting, Angular, React.

Certifications & Education – MSc Data Analytics (National College of Ireland), BE Computer Science, Full Stack Java Spring Boot & Angular, IELTS Band 7.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Security Monitoring & Incident Response (HCL Technologies)

- Architected **real-time security event monitoring** system using **Splunk and Dynatrace** across **Java and .NET applications**, implementing threat detection rules that identified **30+ critical vulnerabilities** before production

impact.

- Designed **incident response workflows** and SLA-driven escalation procedures for **P1/P2 security incidents**, ensuring audit-defensible documentation and rapid mitigation of exploitable conditions.
- Automated security compliance reporting through **Python scripts** integrating with monitoring platforms, reducing manual validation effort and providing executive visibility into control effectiveness.

Secure Data Pipeline & Analytics Infrastructure (HCL Technologies)

- Built end-to-end **secure ETL pipelines** using **Python, SQL, and AWS Lambda** to process sensitive enterprise data while maintaining encryption and access controls, serving analytics teams with **99.5% uptime**.
- Implemented **Infrastructure as Code practices** using **Jenkins CI/CD pipelines** and **Docker containerization**, enabling secure, repeatable deployment of data processing workflows with integrated security scanning.
- Conducted **threat modelling and vulnerability assessments** on data flow architecture, identifying risks in data persistence (S3), transformation, and access patterns, and implementing preventive controls aligned with industry best practices.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
