

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and delivered secure, production-grade **Java Spring Boot** microservices and **REST APIs** handling enterprise workflows; maintained code quality through peer reviews and **Git** branching best practices in a large corporate environment
- Executed end-to-end software solutions with **AWS (EC2, S3, Lambda, CloudWatch)** and **Docker** containerization; optimized deployment pipelines reducing manual intervention by automating **CI/CD** processes via **Jenkins**
- Developed data visualization and reporting dashboards from large, diverse datasets using **Python (pandas, NumPy)** and **SQL** queries across **PostgreSQL, MySQL, and Oracle** databases; improved application reliability through continuous analytics
- Demonstrated application resiliency and security expertise through **P1/P2 incident response** and **SLA management** using **Splunk, CloudWatch, and Dynatrace**; resolved production issues in complex distributed systems within strict timelines
- Contributed to agile team culture and ceremonies across **Jira** and **Confluence**; participated in software engineering communities exploring emerging technologies and design patterns for scalable architectures
- Built full-stack awareness with modern front-end exposure through **React** and **Angular** fundamentals, complementing strong backend expertise in **Spring Boot** and cloud-native development practices

SKILLS

Backend Development – Java, Spring Boot, REST APIs, Microservices, Design Patterns.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Shell Scripting.

Data & Databases – SQL, PostgreSQL, MySQL, Oracle, Python (pandas, NumPy), ETL, Data Pipelines.

DevOps & CI/CD – Jenkins, Git, Docker, CI/CD Pipelines, Code Reviews, Agile/Scrum.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, SLA Management, Incident Response.

Frontend Technologies – React, Angular, Web Development Fundamentals.

Development Tools – Jira, Confluence, Linux, FastAPI, Flask.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java/REST API Development and Maintenance (HCL Technologies)

- Executed feature development and bug fixes on **Spring Boot** microservices; designed and implemented **REST APIs** meeting enterprise specifications with secure, high-quality production code

- Collaborated with cross-functional teams to refactor algorithms and optimize synchronous system interactions; reduced response latency by implementing efficient caching and database query optimization
- Produced architecture and design artifacts for API enhancements; ensured design constraints were met through rigorous code reviews and adherence to software engineering best practices

Cloud-Native Application Reliability and Monitoring (HCL Technologies)

- Managed production support for enterprise applications using **AWS** services (**CloudWatch**, **Lambda**) and monitoring tools (**Splunk**, **Dynatrace**); achieved **SLA compliance** through rapid incident response and root cause analysis
- Developed **Python** automation scripts for data pipelines, ETL workflows, and **scheduled reporting**; automated routine operational tasks using **Linux cron jobs** and shell scripting, improving team efficiency
- Containerized applications using **Docker** and deployed via **Jenkins CI/CD pipelines**; analyzed large datasets and production logs to identify performance bottlenecks and drive continuous improvement

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
