

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and developed **Java Spring Boot** REST APIs and microservices for enterprise applications, ensuring **code quality** and adherence to design standards in a large corporate environment
- Built secure, scalable cloud solutions on **AWS (EC2, S3, Lambda, CloudWatch)**, implementing application resiliency and monitoring strategies that reduced incident response time by optimizing **SLA management**
- Architected and maintained **CI/CD pipelines** using **Jenkins** and **Git**, automating deployment workflows and enabling **modern programming practices** across cross-functional teams
- Analyzed and enhanced existing enterprise application codebases through **SQL optimization (PostgreSQL, MySQL, Oracle)** and **Python automation**, building new services that improved system stability and performance
- Demonstrated strong understanding of **Software Development Life Cycle** through hands-on experience in system design, application development, testing, and production support in an **Agile/Scrum** environment
- Collaborated across teams using **Jira, Confluence**, and modern development practices, fostering inclusive communication and technical knowledge sharing to drive innovation and business objectives

SKILLS

Backend Development – Java, Spring Boot, REST APIs, Microservices.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Databases – PostgreSQL, MySQL, Oracle, SQL.

DevOps & CI/CD – Jenkins, Git, Application Resiliency, Code Reviews.

Data & Automation – Python, ETL, pandas, NumPy, Shell Scripting.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch.

Agile & Collaboration – Jira, Confluence, Scrum, Cross-team Communication.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Application Development & Production Support (HCL Technologies)

- Developed and maintained **Spring Boot REST APIs** and feature enhancements for mission-critical enterprise applications, ensuring high code quality and architectural consistency
- Provided **production support** and reliability engineering using **Splunk, Dynatrace, CloudWatch** to monitor system health, manage **P1/P2 incidents**, and maintain **SLAs** in a large corporate environment

- Analyzed complex enterprise codebases to identify optimization opportunities, debugged critical issues, and implemented automated solutions using **Python scripting** to improve system stability

Cloud Infrastructure & Data Pipeline Automation (HCL Technologies)

- Designed and deployed scalable solutions on **AWS** leveraging **EC2, S3, Lambda**, implementing secure, stable cloud architectures that supported enterprise operations
- Built **ETL pipelines** and automated data workflows using **Python, SQL**, and scheduled jobs to transform data into actionable insights and improve reporting efficiency
- Established **CI/CD pipelines** using **Jenkins** and **Git**, implementing modern software development practices that enabled rapid, reliable deployments and enhanced team collaboration in an **Agile** environment

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
