PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **24/7 production support** for enterprise **Java/.NET applications** across hybrid cloud environments, managing **P1/P2 incidents** and maintaining SLA compliance through **Splunk, CloudWatch, and Dynatrace** monitoring.
- Automated infrastructure and deployment tasks using **Python scripting, shell scripting, and Linux administration**; reduced manual operational overhead by authoring cron jobs and log analysis scripts.
- Deployed and managed cloud infrastructure on **AWS (EC2, S3, Lambda, CloudWatch)**; containerised applications using **Docker** and orchestrated releases through **Jenkins CI/CD pipelines** and **Git** version control.
- Collaborated with cross-functional teams to troubleshoot and resolve complex technical issues across **Linux, Windows, and cloud environments**; documented solutions and escalated critical issues to engineering and management.
- Performed database administration and optimization using **SQL (PostgreSQL, MySQL, Oracle)**; executed schema changes, data validation queries, and ETL workflows supporting enterprise data pipelines.
- Communicated technical information clearly to non-technical stakeholders via **Jira ticketing** and **Confluence documentation**; participated in Agile/Scrum ceremonies and code reviews to maintain quality standards.

SKILLS

Systems Administration & Cloud – Linux, AWS (EC2, S3, Lambda, CloudWatch), Docker, hybrid cloud environments, production monitoring.

Scripting & Automation – Python, Shell scripting, Bash, cron jobs, ETL automation.

Databases & Data Management – SQL, PostgreSQL, MySQL, Oracle, schema administration, data validation.

DevOps & CI/CD – Jenkins, Git, Docker, CI/CD pipelines, code reviews.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, SLA management, incident response.

Backend Development – Java, Spring Boot, REST APIs, application troubleshooting.

Business Tools – Jira, Confluence, Agile/Scrum methodology.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Management (HCL Technologies)

- Managed **24/7 production support** for mission-critical **Java and .NET applications** deployed across **hybrid AWS and on-premises environments**.

- Configured and maintained **Splunk and Dynatrace** dashboards for real-time application and infrastructure monitoring; responded to **P1/P2 incidents** and tracked resolution metrics against SLA targets.
- Authored **Python automation scripts** and **shell scripts** to reduce manual incident response time and streamline operational reporting; scheduled daily health checks using **cron jobs**.

Cloud Infrastructure & CI/CD Pipeline Optimization (HCL Technologies)

- Deployed and managed **AWS infrastructure** components including **EC2 instances, S3 storage, and Lambda functions**; containerised microservices using **Docker** to standardise deployment.
- Maintained and enhanced **Jenkins CI/CD pipelines** with **Git branching strategies**; performed code reviews and automated regression testing to improve deployment frequency and reliability.
- Optimised **SQL database queries** and performed schema migrations across **PostgreSQL, MySQL, and Oracle** environments; ensured data integrity during cloud migrations and infrastructure updates.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
