

# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India** 09/2021 – 01/2025 (3.5 Years)

- Supported production monitoring and SLA management of enterprise applications using **Splunk, CloudWatch, and Dynatrace**, responding to P1/P2 incidents with rapid root-cause analysis and resolution in fast-paced environments
- Developed **Python**-based data pipelines and ETL workflows for automated reporting and data validation across multiple data sources, improving data accuracy by enabling **ad-hoc SQL queries** on **PostgreSQL, MySQL, and Oracle** databases
- Built and maintained **REST APIs** using **Java Spring Boot**, contributing to feature development and bug fixes on existing microservices deployed on **AWS** (EC2, S3, Lambda) with **Docker** containerisation
- Automated infrastructure and operational tasks using **Linux shell scripting, cron jobs, and Git** workflows, supporting CI/CD pipelines via **Jenkins** and enforcing code quality through peer reviews in Agile/Scrum ceremonies
- Conducted data-driven analysis to identify system performance trends and bottlenecks, translating operational insights into actionable improvements for reliability and cost optimisation
- Collaborated with cross-functional teams on defect tracking, ticketing, and sprint planning using **Jira and Confluence**, ensuring clear communication and timely delivery of solutions

## SKILLS

**Programming Languages** – Python, Java, SQL, Shell Scripting.

**Backend & API Development** – Spring Boot, REST APIs, FastAPI, Flask.

**Cloud & Infrastructure** – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

**Data & Analytics** – ETL, Data Pipelines, PostgreSQL, MySQL, Oracle, pandas, NumPy.

**Monitoring & DevOps** – Splunk, Dynatrace, Jenkins, Git, CI/CD.

**Tools & Methodologies** – Jira, Confluence, Agile/Scrum, Code Review.

**Frontend** – React, Angular.

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin** 02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India** 01/2021

## PROJECTS

**Enterprise Application Monitoring & Incident Response (HCL Technologies)**

- Designed and maintained **Splunk and CloudWatch dashboards** to track real-time application health, SLA compliance, and performance metrics across multiple production services

- Led root-cause analysis and resolution of **P1/P2 incidents**, reducing mean time to recovery (MTTR) through systematic troubleshooting and post-incident documentation
- Integrated **Dynatrace APM** for advanced performance profiling, enabling early detection of bottlenecks and proactive capacity planning across the application stack

#### **Data Pipeline & Automated Reporting Framework (HCL Technologies)**

- Engineered **Python-based ETL workflows** to ingest, transform, and validate data from multiple sources, automating **scheduled reporting** and reducing manual effort by **60%**
- Optimized **SQL queries** on **PostgreSQL and Oracle databases** for large-scale data validation and schema change management, ensuring data integrity across enterprise systems
- Built data ingestion pipelines leveraging **AWS Lambda and S3** for scalable processing, with monitoring via **CloudWatch** to track pipeline health and performance

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
