+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **Python**-based data pipelines and **ETL** workflows for enterprise analytics, processing large datasets from multiple sources with **pandas** and **NumPy** for data manipulation, validation, and quality assurance.
- Designed and executed **SQL** queries across **PostgreSQL**, **MySQL**, and **Oracle** databases to extract, transform, and analyze data; performed schema validation and ad-hoc reporting for business intelligence and decision-support initiatives.
- Built and maintained **REST APIs** and microservices using **Java Spring Boot**, implementing bug fixes and feature enhancements while ensuring code quality through peer reviews and **Git** workflows in Agile environments.
- Demonstrated strong analytical and problem-solving capabilities by independently investigating production issues, conducting root-cause analysis using **Splunk**, **CloudWatch**, and **Dynatrace**, and implementing fixes with minimal supervision.
- Managed moderately complex attribute testing and data validation workflows, leveraging **Linux** scripting, automation tools, and monitoring practices to ensure consistency, completeness, and reliability of data-driven solutions.
- Collaborated cross-functionally with Modelling, Technology, and business stakeholders to gather requirements, design solutions, and maintain comprehensive documentation using **Jira**, **Confluence**, and version control systems.

SKILLS

Programming & Data Analysis – Python, Java, SQL, data manipulation, ETL development.

Databases & Analytics – PostgreSQL, MySQL, Oracle, relational database design and querying.

Web & API Development – Spring Boot, REST APIs, Flask, FastAPI.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Data Tools & Monitoring – Splunk, Dynatrace, pandas, NumPy, data validation techniques.

Development Practices – Agile/Scrum, code review, bug fixing, Linux, shell scripting.

Qualifications – MSc Data Analytics (National College of Ireland), BE Computer Science.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Data Pipeline & Monitoring Initiative (HCL Technologies)

- Architected and deployed **Python**-based data pipelines to extract, transform, and load data from multiple enterprise sources into **PostgreSQL** and **MySQL** databases for real-time analytics and reporting.
- Implemented comprehensive data validation and quality assurance checks using **pandas** and custom **SQL** logic to ensure consistency, completeness, and accuracy across attribute sets and data sources.
- Integrated monitoring and alerting using **Splunk and CloudWatch**, enabling proactive issue detection and reducing mean-time-to-resolution by **30%** through automated health checks and SLA compliance tracking.

Java Spring Boot Microservices & Bug Fix Support (HCL Technologies)

- Contributed to the development and maintenance of **Spring Boot** microservices, implementing bug fixes and feature enhancements while adhering to code quality standards and **Git** branching best practices.
- Conducted independent testing of moderately complex features and bug fixes, utilizing **SQL** validation queries and **Linux** log analysis to verify functionality, correctness, and production readiness.
- Maintained clear and detailed documentation of code changes, attribute logic, and troubleshooting procedures using **Confluence**, ensuring knowledge transfer and continuity across the team.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
