

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support & reliability engineering** for enterprise Java/.NET applications across **AWS** infrastructure, managing SLAs and responding to P1/P2 incidents using **Splunk, CloudWatch, and Dynatrace** monitoring tools
- Automated operational workflows and **data pipelines** using **Python** scripting, reducing manual reporting overhead by approximately **30%** and improving data validation accuracy for downstream systems
- Developed and maintained **REST APIs** and microservices using **Java Spring Boot**, contributing to feature releases and bug fixes on production-grade services handling enterprise workloads
- Optimized database performance through **SQL** query tuning and schema analysis across **PostgreSQL, MySQL, and Oracle**, supporting ad-hoc reporting and ETL data validation workflows
- Implemented and maintained **CI/CD pipelines** using **Jenkins** and **Git**, enabling faster deployment cycles and enforcing code quality standards through peer reviews and automated testing
- Containerized applications using **Docker** and deployed infrastructure on **AWS (EC2, S3, Lambda)**, gaining hands-on experience with cloud-native reliability and infrastructure-as-code principles

SKILLS

Programming & Scripting – Python, Java, SQL, Shell scripting.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, log analysis.

Backend & APIs – Spring Boot, REST APIs, Flask, FastAPI.

DevOps & CI/CD – Jenkins, Git, Jira, code review practices.

Data Engineering – ETL pipelines, pandas, NumPy, data validation.

Databases – PostgreSQL, MySQL, Oracle.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response Platform (HCL Technologies)

- Designed and maintained **Splunk and Dynatrace dashboards** to monitor critical Java/.NET applications, enabling real-time visibility into system health and **reducing mean time to resolution (MTTR) by 25%**
- Built **Python automation scripts** to correlate logs, extract metrics, and trigger alerts for production incidents, streamlining the incident response workflow and improving SLA compliance

- Collaborated with development and infrastructure teams to conduct post-incident reviews and implement preventive monitoring measures, improving system reliability

Data Pipeline Automation & Reporting Engine (HCL Technologies)

- Engineered **Python-based ETL pipelines** using **pandas** and **NumPy** to extract, transform, and load financial and operational data from multiple sources, supporting executive reporting and analytics
- Deployed automated scheduled jobs using **Linux cron** and **AWS Lambda** for daily data ingestion and validation, reducing manual effort and improving data freshness by **40%**
- Optimized **SQL queries** across **PostgreSQL** and **Oracle** databases for data extraction, ensuring pipeline efficiency and supporting downstream analytics consumption

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
