+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and monitoring** for enterprise applications using **Splunk, CloudWatch, and Dynatrace**, managing SLAs and responding to **P1/P2 incidents** with **99.5%+ uptime**—experience directly applicable to ensuring reliability of critical water infrastructure systems.
- Designed and implemented **Python-based data pipelines and ETL workflows** for automated reporting and data validation, demonstrating ability to build scalable, efficient solutions for handling operational data—key for water treatment and asset monitoring systems.
- Contributed to **REST API development and feature engineering** using **Java Spring Boot** across distributed systems, with hands-on experience in code reviews, **Git branching**, and **CI/CD pipelines** via **Jenkins**—applicable to digital innovation in infrastructure design platforms.
- Executed **SQL queries and schema optimization** across **PostgreSQL, MySQL, and Oracle** databases for ad-hoc analysis and data validation, supporting both operational reporting and infrastructure modelling requirements.
- Containerized applications using **Docker** and deployed services on **AWS (EC2, S3, Lambda)**, gaining cloud infrastructure experience relevant to modern digital tools and collaborative design environments in consulting.
- Completed **MSc in Data Analytics** (National College of Ireland, Feb 2026) combining statistical modelling, machine learning, and data engineering—providing analytical foundation for climate resilience assessments, predictive maintenance, and sustainable water system design.

SKILLS

Programming & Scripting – Python, Java, SQL, Shell scripting, Linux.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Data Engineering & Analytics – ETL pipelines, pandas, NumPy, PostgreSQL, MySQL, Oracle, data validation.

Web & API Development – Spring Boot, REST APIs, Flask, FastAPI, Angular.

Monitoring & DevOps – Splunk, Dynatrace, CI/CD, Agile, Jira.

Qualifications – MSc Data Analytics, Bachelor of Engineering (Computer Science), IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Reliability & Monitoring Platform (HCL Technologies)

- Owned production support for mission-critical **Java and .NET applications** serving financial services clients, implementing automated alerting rules in **Splunk and Dynatrace** to reduce incident response time by **30%**.

- Developed **Python automation scripts** for log analysis, health checks, and daily operational reporting, reducing manual toil by **~8 hours/week** and enabling proactive infrastructure monitoring.
- Collaborated with platform engineering teams on **CloudWatch dashboards** and **AWS Lambda**-based automated remediation functions, improving system resilience and observability.

Data Pipeline & Reporting Automation (HCL Technologies)

- Designed and deployed **Python ETL pipelines** using **pandas** and **NumPy** to ingest, validate, and transform operational data from multiple sources into actionable dashboards for stakeholder reporting.
- Optimized **SQL queries** across **PostgreSQL** and **Oracle databases** for complex aggregations and schema modifications, improving report generation performance by **~40%**.
- Integrated pipelines with **Jenkins CI/CD** to enable scheduled execution and automated alerts on data quality issues, ensuring **99%+ data accuracy** for downstream analytics.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
