

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and system reliability** for enterprise applications across **3.5 years**, managing **P1/P2 incidents** and maintaining SLA compliance through **Splunk, CloudWatch, and Dynatrace** monitoring—core experience in system availability and operational excellence.
- Developed **Python automation scripts** and **ETL data pipelines** for recurring reporting and data validation tasks, improving operational efficiency and reducing manual intervention by automating scheduled jobs and cron-based processes.
- Designed and maintained **REST APIs** using **Java Spring Boot**, developed feature enhancements and bug fixes on production services, and performed **SQL query optimization** across **PostgreSQL, MySQL, and Oracle** databases for data integrity.
- Deployed and managed cloud infrastructure on **AWS (EC2, S3, Lambda, CloudWatch)**, containerized applications using **Docker**, and implemented **CI/CD pipelines** with **Jenkins** and **Git**—demonstrating methodical approach to infrastructure reliability and independent problem-solving.
- Performed **Linux system administration** including log analysis, shell scripting, and troubleshooting, with strong attention to technical accuracy and documentation through Confluence reporting—supporting confident communication with technical stakeholders.
- Completed **MSc in Data Analytics** (National College of Ireland, Dublin) with relevant coursework in data engineering, systems design, and technical communication; currently visa-eligible to work full-time in Ireland under Stamp 1G.

SKILLS

Production Support & Reliability – System monitoring, incident response, SLA management, Splunk, CloudWatch, Dynatrace.

Programming & Scripting – Python, Java, SQL, Shell scripting, REST API development.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, CI/CD pipelines, Jenkins.

Data Engineering – ETL pipelines, pandas, NumPy, data validation, scheduled reporting.

Databases – PostgreSQL, MySQL, Oracle, schema management, query optimization.

Professional Tools & Methods – Git, Jira, Confluence, Agile/Scrum, technical documentation, attention to detail.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Reliability & Monitoring (HCL Technologies)

- Managed **24/7 production support** for critical enterprise **Java/.NET applications**, responding to incidents with structured problem-solving and methodical root-cause analysis.
- Deployed and tuned **Splunk, CloudWatch, and Dynatrace** monitoring dashboards to track system health, identify bottlenecks, and enable proactive alerting—reducing mean time to resolution (MTTR) through reliable observability.
- Collaborated with development and infrastructure teams via **Jira ticketing** and **Confluence documentation**, demonstrating clear verbal and written communication in fast-paced operational environments.

Automation & Data Pipeline Engineering (HCL Technologies)

- Designed and deployed **Python-based ETL pipelines** for recurring data validation and scheduled reporting, leveraging **pandas and NumPy** for efficient data transformation and loading into **PostgreSQL and Oracle** databases.
- Implemented **CI/CD pipelines** using **Jenkins** and **Git branching strategies**, enabling automated testing and reliable deployment of **Spring Boot microservices** and infrastructure code.
- Deployed serverless compute jobs on **AWS Lambda** with **CloudWatch event triggers**, containerized services with **Docker**, and performed **Linux system administration** to ensure consistent, independent operation of automated workflows.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
