PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **timely and accurate billing** for enterprise clients through **production support** of Java/.NET applications, ensuring **SLA compliance** and resolving P1/P2 incidents with **Splunk, CloudWatch, and Dynatrace** monitoring tools.
- Developed **Python automation scripts** and **ETL data pipelines** for revenue recognition and financial reporting, reducing manual billing errors by processing structured client fee data with **pandas and NumPy**.
- Performed **SQL database administration** across **PostgreSQL, MySQL, and Oracle** for client static data maintenance, schema validation, and ad-hoc financial queries supporting month-end close processes.
- Built and maintained **REST APIs** using **Java Spring Boot** for fee management systems, working collaboratively with Business Operations and Client Services teams to ensure new business capture and correct accruals.
- Demonstrated meticulous attention to detail through **audit compliance** verification, control strengthening via code reviews using **Git**, and documentation in **Jira and Confluence** aligned with SOX requirements.
- Assessed billing issues and implemented timely solutions through problem-solving workflows in **Agile/Scrum** ceremonies, communicating escalations and resolutions across finance, operations, and client-facing teams.

SKILLS

Financial & Billing Systems – Client billing, revenue recognition, fee accruals, SOX compliance, audit support.

Data Engineering & Analytics – ETL pipelines, SQL (PostgreSQL, MySQL, Oracle), data validation, financial reporting, pandas, NumPy.

Backend Development – Java Spring Boot, REST APIs, Python, Flask, FastAPI.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

DevOps & Version Control – Jenkins CI/CD pipelines, Git, code reviews, Jira, Confluence.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, SLA management, incident response.

Professional – Attention to detail, analytical problem-solving, Agile/Scrum, cross-functional collaboration, strong written and verbal communication.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Revenue Recognition & Billing Automation (HCL Technologies)

- Designed and deployed **Python ETL pipelines** to automate client fee data ingestion from multiple source systems, validating billing arrangements against **SQL databases** and generating accrual reports for month-end

close.

- Implemented **Spring Boot REST APIs** to expose billing and revenue data to downstream Financial Accounting systems, ensuring accurate and timely fee recognition across EMEA legal entities.
- Reduced manual billing errors by **30%** through data validation scripts and automated quality checks, supporting compliance with internal audit and SOX control requirements.

Production Monitoring & Incident Management Platform (HCL Technologies)

- Configured **Splunk and Dynatrace** dashboards to monitor **CloudWatch metrics** for fee management applications, enabling rapid identification and resolution of billing system outages affecting client invoicing deadlines.
- Established **SLA-driven incident response** workflows for P1/P2 issues, collaborating with business stakeholders and Client Services to minimize billing delays and maintain service level agreements.
- Documented monitoring runbooks and escalation procedures in **Confluence**, strengthening operational controls and knowledge transfer across distributed support teams.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
