+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Led **business analysis and reporting** initiatives for enterprise applications, analyzing operational data and key performance indicators using **SQL** and **Python** to track SLA compliance and drive continuous improvement across production systems.
- Partnered with Operations and Finance stakeholders to develop **ad-hoc reports and dashboards** using **Splunk** and **CloudWatch**, presenting daily/weekly/monthly business results and trend analysis to support decision-making.
- Designed and maintained **ETL pipelines** and **data validation workflows** using **Python**, **SQL** (PostgreSQL, MySQL, Oracle), and **scheduled automation** to ensure data accuracy for reporting and forecasting.
- Managed **P1/P2 incident response** and production support, analyzing root causes and implementing process improvements that enhanced system reliability and operational efficiency.
- Built **REST APIs** and microservices using **Java Spring Boot** to support data integration and reporting infrastructure, deployed on **AWS (EC2, S3, Lambda)** with **Docker** containerization.
- Established and maintained **CI/CD pipelines** using **Jenkins** and **Git**, conducted code reviews, and tracked deliverables via **Jira** and **Agile ceremonies** to ensure quality and on-time project delivery.

SKILLS

Business Analysis & Reporting – operational metrics, KPI tracking, trend analysis, forecasting, ad-hoc reporting, performance measurement.

Data Engineering & Analytics – Python, SQL, ETL/data pipelines, data validation, pandas, NumPy, schema design.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

Backend Development – Java Spring Boot, REST APIs, microservices architecture.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, SLA management, incident response.

Tools & Platforms – Jenkins, Git, Jira, Confluence, PostgreSQL, MySQL, Oracle.

Qualifications – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7/9.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Data Pipeline & Operational Reporting (HCL Technologies)

- Designed and deployed a **Python-based ETL pipeline** processing millions of operational records daily from multiple enterprise systems, validating data quality and feeding **SQL** data warehouse (PostgreSQL/Oracle) to

support real-time reporting.

- Developed **Splunk dashboards and CloudWatch metrics** to track application performance, SLA compliance, and business KPIs, enabling stakeholders to monitor daily/weekly/monthly operational trends and identify process bottlenecks.
- Automated **scheduled reporting** and data reconciliation workflows using **Python scripting** and **cron jobs**, reducing manual report generation by **60%** and improving data accuracy for finance and operations teams.

Microservices Deployment & Reliability Engineering (HCL Technologies)

- Built and deployed **Spring Boot REST APIs** on **AWS infrastructure** (EC2, S3, Lambda) with **Docker containerization**, enabling seamless integration with downstream reporting and analytics systems.
- Established comprehensive **CI/CD pipelines** using **Jenkins** and **Git**, implementing automated testing and code review processes that reduced deployment failures and improved release velocity.
- Managed production support and incident response for critical services, analyzing logs and metrics via **Dynatrace** and **CloudWatch** to diagnose failures, reduce MTTR, and implement reliability improvements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
