PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **document control, version management, and audit trails** across production environments using **Jira** and **Confluence**, ensuring accuracy, compliance, and timely availability of technical records across multiple enterprise systems.
- Coordinated **cross-functional stakeholder communication** between development teams, operations, and external vendors regarding documentation requirements, change requests, and process handovers in regulated, SLA-driven environments.
- Compiled, reviewed, and maintained **comprehensive technical documentation** including system architecture diagrams, deployment procedures, incident reports, and operational runbooks for **P1/P2 incident response** and disaster recovery protocols.
- Ensured **data integrity, GDPR compliance, and confidentiality** of sensitive production logs and system records through secure handling practices, access control reviews, and adherence to information governance standards.
- Supported **internal audits and compliance reviews** by preparing audit-ready documentation, maintaining detailed record registers, and demonstrating version control protocols across cloud infrastructure (**AWS**) and containerised applications.
- Demonstrated strong **organisational skills and attention to detail** managing multiple priorities in fast-paced environments, coordinating document distribution, approvals, and meeting strict operational deadlines across concurrent projects.

SKILLS

Document & Records Management – version control, document numbering, audit trails, record registers, compliance documentation.

Microsoft Office & Collaboration Tools – Word, Excel, Outlook, Jira, Confluence, SharePoint fundamentals.

Data Integrity & Compliance – GDPR, confidentiality protocols, data validation, audit preparation.

Technical Documentation – system procedures, architecture documentation, incident reports, operational runbooks.

Stakeholder Coordination – cross-functional communication, vendor liaison, project team coordination.

IT Infrastructure & Support – AWS (EC2, S3, Lambda), Docker, Linux, production support, monitoring systems.

Professional Qualifications – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Production Support & Documentation (HCL Technologies)

- Maintained **comprehensive technical documentation** and runbooks for **Java Spring Boot and .NET applications**, ensuring all operational procedures were current, accurate, and accessible to support teams.
- Implemented **version control and change tracking** using **Git** and **Jira** to manage documentation updates, approvals, and distribution across development and operations teams.
- Coordinated **incident documentation and post-mortem reports** for **P1/P2 production incidents**, capturing root causes, remediation steps, and preventative actions for audit and compliance purposes.

Data Pipeline & Automation Documentation Management (HCL Technologies)

- Prepared and maintained **detailed process documentation** for **Python ETL scripts, SQL data pipelines, and automated reporting systems**, including data lineage, schema changes, and operational procedures.
- Ensured **audit-ready records** of all data validation processes, **AWS Lambda deployments**, and **Docker containerisation** procedures through structured documentation and compliance checkpoints.
- Supported **stakeholder communication** with business teams and technical contractors regarding data accuracy requirements, handover procedures, and ongoing maintenance of automated workflows.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
