PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and incident response** for enterprise Java/.NET applications across **AWS** infrastructure, managing **P1/P2 incidents** with **SLA compliance** using **Splunk, CloudWatch, and Dynatrace** for real-time monitoring and alerting.
- Designed and implemented **Python automation scripts** for data pipelines, ETL workflows, and scheduled reporting, reducing manual intervention by **40%** and improving data validation accuracy across multiple environments.
- Managed **SQL databases** (PostgreSQL, MySQL, Oracle) with expertise in schema changes, ad-hoc query optimization, and data integrity validation; supported **10+ concurrent applications** in production.
- Configured and maintained **CI/CD pipelines using Jenkins**, implemented **Git branching strategies**, and conducted code reviews to ensure code quality and deployment reliability across development and staging environments.
- Performed **Linux system administration** including log analysis, shell scripting, cron job scheduling, and user access management; troubleshooted infrastructure and application issues following incident management processes.
- Documented technical configurations, standard operating procedures, and runbooks in **Confluence**; collaborated across cross-functional teams using **Jira** for ticket tracking and Agile ceremony participation, demonstrating strong communication and problem-solving skills.

SKILLS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux administration.

Backend Development & APIs – Java, Spring Boot, REST APIs, Flask, FastAPI.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, SQL, Python (pandas, NumPy), ETL pipelines.

DevOps & CI/CD – Jenkins, Git, Docker containerisation, deployment automation.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, incident response, SLA management.

ITIL & Service Management – Jira, Confluence, Agile/Scrum, ticketing, defect tracking, documentation.

Security & Compliance Awareness – Identity and Access Management principles, encryption basics, security best practices, log analysis for threat detection.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Management Platform (HCL Technologies)

- Established **real-time monitoring infrastructure** using **Splunk and Dynatrace** for **15+ Java/.NET applications** running on **AWS**, enabling **faster incident detection** and reducing mean time to resolution (MTTR) by **35%**.
- Developed **Python-based alerting and automation scripts** to correlate logs, trigger remediation workflows, and escalate **P1/P2 incidents** to appropriate teams, ensuring **99.5% SLA compliance**.
- Created comprehensive **runbooks and incident response documentation** in Confluence; led post-incident reviews and contributed to continuous service improvement initiatives within the ITIL framework.

Data Pipeline Automation & ETL Framework (HCL Technologies)

- Architected and deployed **automated ETL pipelines using Python, Apache scheduling, and SQL** to extract, validate, and load data from multiple sources into **PostgreSQL and Oracle databases**, processing **2M+ records daily**.
- Implemented **data quality validation checks** and error handling mechanisms; created **automated reporting dashboards** that reduced manual reporting overhead by **50%** and improved data accuracy.
- Maintained pipeline reliability through **Linux cron job orchestration, shell scripting, and Git-based version control**; documented all configurations and deployment procedures for knowledge transfer and operational continuity.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
