+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **technical support and reliability engineering** for enterprise **Java/.NET applications** across production environments, managing **P1/P2 incidents** and maintaining **SLA compliance** through systematic problem-solving and root-cause analysis
- Engineered **Python automation scripts** and **data pipelines** for ETL workflows and scheduled reporting, demonstrating ability to translate business requirements into technical solutions with clarity and precision
- Provided **technical guidance** on system design and application suitability by reviewing **SQL schemas, REST API specifications**, and infrastructure configurations; communicated complex technical concepts to both technical and non-technical stakeholders
- Acted as technical liaison across **cross-functional teams** (development, operations, management) on **AWS infrastructure (EC2, S3, Lambda, CloudWatch)**, **CI/CD pipelines**, and **containerisation** best practices, ensuring system reliability and compliance
- Demonstrated **methodical problem-solving** through detailed **log analysis** using **Splunk and Dynatrace**, identifying system bottlenecks and recommending engineering improvements that reduced incident resolution time
- Produced technical documentation, runbooks, and support materials for internal teams and stakeholders; trained junior engineers on monitoring tools, AWS deployment patterns, and troubleshooting methodologies

SKILLS

Technical Support & Problem-Solving – production support, incident response, system troubleshooting, root-cause analysis, technical consultation.

Programming & Scripting – Python, Java, SQL, shell scripting, automation.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, CI/CD pipelines (Jenkins, Git).

Data Engineering & Databases – ETL workflows, data pipelines, PostgreSQL, MySQL, Oracle, pandas, NumPy.

Monitoring & Reliability Tools – Splunk, Dynatrace, CloudWatch, log analysis.

Communication & Documentation – technical writing, cross-functional collaboration, Jira, Confluence, Agile/Scrum.

Certifications & Education – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7, Full Stack Java Spring Boot & Angular.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Support (HCL Technologies)

- Provided **production support** for mission-critical **Java Spring Boot** and **.NET applications**, handling **technical queries** from internal teams and external stakeholders with professionalism and clarity
- Implemented **systematic monitoring** using **Splunk, CloudWatch, and Dynatrace** to track system health, identify performance bottlenecks, and support rapid incident resolution; maintained detailed documentation of recurring issues and solutions
- Collaborated with development and infrastructure teams to review system designs, specifications, and **REST API** implementations for technical suitability and long-term operational reliability

Data Pipeline Engineering & Technical Automation (HCL Technologies)

- Designed and deployed **Python-based ETL pipelines** and data automation workflows, demonstrating ability to translate business requirements into technically sound, maintainable solutions
- Wrote **SQL queries** and conducted **data validation** across **PostgreSQL, MySQL, and Oracle** databases; performed schema reviews to ensure system compliance and performance optimization
- Produced **technical documentation and runbooks** for automation processes, enabling knowledge transfer across teams and reducing support overhead for recurring operational tasks

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
