PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and incident response** for enterprise Java/.NET applications across multiple cloud environments, managing **P1/P2 SLAs** and reducing mean time to resolution (MTTR) by **30%** through root cause analysis and proactive monitoring with **Splunk, CloudWatch, and Dynatrace**
- Designed and implemented **Python automation scripts** for data pipelines, ETL workflows, and scheduled reporting; developed **CI/CD pipelines** using **Jenkins** and **Git** to streamline build and deployment processes across development and staging environments
- Built and maintained **REST APIs** using **Java Spring Boot**, implementing feature work and bug fixes on existing microservices; conducted code reviews and collaborated with cross-functional teams to ensure code quality and adherence to architectural standards
- Demonstrated hands-on reliability engineering expertise through **Linux** administration, shell scripting, log analysis, and container orchestration using **Docker**; managed infrastructure on **AWS** (EC2, S3, Lambda, CloudWatch) supporting elastic, scalable deployments
- Executed **SQL optimization** and data validation across **PostgreSQL, MySQL, and Oracle** databases; designed schema changes and ad-hoc queries supporting data-driven decision-making for product teams
- Contributed to **Agile/Scrum ceremonies** and maintained comprehensive technical documentation in **Confluence**; partnered with QE and DevOps teams to validate fixes and ensure high-quality deliverables aligned with customer expectations

SKILLS

Programming Languages – Python, Java, SQL, shell scripting.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

CI/CD & Release Engineering – Jenkins, Git, Jira, build automation, patch delivery workflows.

Backend Frameworks & APIs – Spring Boot, REST APIs, Flask, FastAPI.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, pandas, NumPy, ETL, data pipelines.

Monitoring & Observability – Splunk, Dynatrace, log analysis, incident management.

Education – MSc Data Analytics (National College of Ireland), BE Computer Science (SNS College of Technology).

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Owned production monitoring and SLA management for mission-critical Java/.NET applications using **Splunk, CloudWatch, and Dynatrace**, identifying performance bottlenecks and automating alerting thresholds
- Led root cause analysis on high-priority incidents, reducing MTTR by **30%** through systematic troubleshooting, log correlation, and cross-team collaboration with DevOps and product engineering
- Developed **Python scripts** to correlate metrics across monitoring platforms and automated escalation workflows, improving incident visibility and response coordination across regional teams

CI/CD Pipeline Development & API Feature Delivery (HCL Technologies)

- Architected and maintained **Jenkins pipelines** for automated build, test, and deployment workflows across development, staging, and production environments; integrated **Git** branching strategies and code review checkpoints
- Developed and deployed **Spring Boot REST APIs** for microservices, implementing feature requests and resolving critical bugs; collaborated with QE teams to ensure test coverage and API contract compliance
- Optimized container deployment using **Docker** and **AWS** infrastructure (EC2, Lambda, S3); implemented infrastructure-as-code practices and automated release pipeline preparation, reducing deployment cycle time by **25%**

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
