+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Built and maintained **REST APIs** and backend services using **Java Spring Boot**, delivering features end-to-end from scoping through QA and production launch across enterprise applications.
- Developed **Python** automation scripts and data pipelines for ETL workflows and scheduled reporting, demonstrating ability to move between programming languages and frameworks to solve technical problems.
- Managed production reliability and SLA compliance using **Splunk, CloudWatch, and Dynatrace**, responding to P1/P2 incidents and communicating technical status to stakeholders—translating complex issues for non-technical audiences.
- Deployed and containerized applications using **Docker** and **AWS (EC2, S3, Lambda, CloudWatch)**, establishing CI/CD pipelines via **Jenkins** and **Git** to improve delivery speed and code quality.
- Performed **SQL** data validation, ad-hoc queries, and schema changes across **PostgreSQL, MySQL, and Oracle**, ensuring data integrity and supporting feature implementation across multiple projects.
- Collaborated within cross-functional Agile teams using **Jira** and **Confluence**, managing tickets, conducting code reviews, and communicating technical feasibility and blockers to project stakeholders.

SKILLS

Backend & API Development – Java, Spring Boot, REST APIs, Flask, FastAPI.

Frontend & Markup – HTML, CSS, JavaScript, React, Angular.

Databases & Data – SQL, PostgreSQL, MySQL, Oracle, pandas, NumPy.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, SLA management.

Scripting & Automation – Python, Linux, shell scripting, cron jobs.

Agile & Collaboration – Jira, Confluence, Scrum, code review, client communication.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Java Application Feature Development & Support (HCL Technologies)

- Developed new features and bug fixes for production **Java Spring Boot** microservices, writing clean, well-documented code and adhering to agreed development standards within a ticketed support system.
- Collaborated with team members on design handoff and Figma-to-code implementation, ensuring build accuracy and identifying scope changes or technical blockers early in the development cycle.

- Performed **SQL** schema validation and ad-hoc queries across **PostgreSQL** and **Oracle** databases to support feature work and troubleshoot data integrity issues.

AWS Cloud Deployment & CI/CD Pipeline Automation (HCL Technologies)

- Designed and maintained **Jenkins** CI/CD pipelines with **Git** branching strategies, automating deployment to **AWS** infrastructure (**EC2**, **S3**, **Lambda**) and reducing manual deployment overhead.
- Containerized applications using **Docker** and deployed to cloud environments, improving consistency across development, staging, and production deployments.
- Developed **Python** automation scripts for infrastructure provisioning and log analysis using **Linux** shell scripting, enabling faster incident response and proactive monitoring via **CloudWatch** and **Splunk**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
