PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and monitoring** of enterprise Java/.NET applications using **Splunk, CloudWatch, and Dynatrace**, responding to **P1/P2 incidents** and maintaining **SLA compliance** across critical business systems.
- Configured and maintained **core business systems** through **ad-hoc SQL queries** (PostgreSQL, MySQL, Oracle), schema changes, and data validation, ensuring **data integrity** and system stability.
- Developed **Python automation scripts** and **ETL pipelines** for scheduled reporting and data processing, reducing manual effort and improving operational efficiency.
- Performed **first-line testing** of system changes, patches, and upgrades using **Jenkins CI/CD pipelines**, coordinating with stakeholders and documenting results for deployment approval.
- Assessed and documented **system configuration changes** following structured change control processes, maintaining accurate records in **Jira** and **Confluence** with comprehensive process maps and technical documentation.
- Supported **business requirements gathering** and analysis, identifying system improvements and contributing to the identification of efficiencies aligned with organisational goals.

SKILLS

Application Support & Systems – Production monitoring, incident response, system configuration, change management, SLA management.

Data & Reporting – SQL (PostgreSQL, MySQL, Oracle), data validation, ETL pipelines, ad-hoc reporting, data standards compliance.

Backend & APIs – Java Spring Boot, REST APIs, Python scripting, Flask, FastAPI.

Infrastructure & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Business Tools & Processes – Jira, Confluence, Agile/Scrum, documentation, process mapping.

Monitoring & Analytics – Splunk, Dynatrace, CloudWatch, performance analysis.

Qualifications – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Support & Reliability (HCL Technologies)

- Served as **first point of contact** for application support, managing high-volume IT helpdesk tickets with independent problem-solving and **high resolution rates**.

- Implemented **proactive monitoring** using **Splunk and Dynatrace** to detect and resolve issues before they impacted business operations, reducing **mean time to resolution (MTTR)**.
- Developed comprehensive **system documentation** including process maps, troubleshooting guides, and runbooks, ensuring knowledge capture and consistent support delivery across the team.

Data Engineering & System Optimization (HCL Technologies)

- Built **Python-based ETL pipelines** and automated data workflows for **ad-hoc reporting** and scheduled data processing, eliminating manual effort and improving data delivery timelines.
- Performed **SQL analysis and optimization** on enterprise databases (**PostgreSQL, MySQL, Oracle**) to ensure **data integrity**, validate schema changes, and support business intelligence requirements.
- Coordinated **User Acceptance Testing (UAT)** for system upgrades and patches, documenting test results and preparing formal change approval documentation through **Jenkins pipelines** and version control.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
