+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and SLA compliance** for enterprise Java/.NET applications across multiple environments, responding to **P1/P2 incidents** with rapid diagnosis and resolution using **Splunk, CloudWatch, and Dynatrace** monitoring tools.
- Developed **Python automation scripts** and **data pipelines** for ETL workflows and scheduled reporting, improving operational efficiency and reducing manual intervention by automating repetitive tasks across infrastructure.
- Executed **SQL queries and schema management** across **PostgreSQL, MySQL, and Oracle** databases for ad-hoc data validation, troubleshooting, and supporting application requirements in production environments.
- Collaborated with cross-functional engineering teams on **REST API development** using **Java Spring Boot**, conducting code reviews via Git and managing deployment pipelines through **Jenkins CI/CD** in Agile/Scrum ceremonies.
- Deployed and managed containerized applications using **Docker**, leveraging **AWS services (EC2, S3, Lambda, CloudWatch)** for scalable infrastructure supporting high-availability systems and cost optimization initiatives.
- Demonstrated strong organisational and communication skills through cross-team liaison on technical issues, vendor coordination, ticketing accuracy in **Jira**, and documentation in **Confluence** supporting global operations.

SKILLS

Enterprise Support & Monitoring – Production support, SLA management, incident response, Splunk, CloudWatch, Dynatrace.

Programming & Scripting – Python, Java, SQL, Shell scripting, REST API development.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, CI/CD (Jenkins).

Database Management – PostgreSQL, MySQL, Oracle, schema design, data validation.

Frameworks & Libraries – Spring Boot, pandas, NumPy, Flask, FastAPI.

Tools & Platforms – Git, Jira, Confluence, Microsoft Excel, Word.

Professional Attributes – Vendor liaison, multitasking, attention to detail, cost control awareness, effective communicator.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Reliability & Incident Response Program (HCL Technologies)

- Led **production monitoring and incident management** for mission-critical Java/.NET applications, maintaining **SLA targets** through proactive alerts and rapid P1/P2 incident response using advanced **Splunk and Dynatrace** observability platforms.
- Coordinated with engineering and technical services teams to diagnose root causes, implement fixes, and prevent recurrence—demonstrating strong **communication and technical judgement** under pressure in 24/7 operations.
- Developed **Linux shell scripts and automation workflows** to streamline log analysis, monitoring setup, and routine maintenance tasks, reducing manual overhead and improving system reliability.

Data Pipeline & Procurement Support Automation (HCL Technologies)

- Engineered **Python-based ETL pipelines** and **automated reporting workflows** using pandas and scheduling tools to extract, validate, and deliver business-critical data on tight timelines.
- Performed complex **SQL database operations** across **PostgreSQL, MySQL, and Oracle** to support data requirements, procurement queries, and operational analytics—demonstrating ability to work independently and deliver accurate results.
- Collaborated with stakeholders to understand requirements, translate them into technical solutions, and manage expectations—skills directly applicable to vendor liaison and materials support coordination roles.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
