

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Owned end-to-end production support and real-time monitoring across enterprise applications using **Splunk, CloudWatch, and Dynatrace**, ensuring SLA compliance and rapid P1/P2 incident response—translating to reliable, always-on systems that don't interrupt the story
- Designed and executed **Python automation scripts** for data pipelines and scheduled reporting, reducing manual overhead and freeing team capacity for strategic work—applying the same efficiency mindset to content logistics and workflow
- Collaborated across cross-functional teams in **Agile/Scrum environments** using **Jira and Confluence**, managing ticketing, defect tracking, and sprint ceremonies—comfortable juggling creative and logistical responsibilities in fast-moving teams
- Captured and documented **real-world operational moments** through log analysis, Linux troubleshooting, and system monitoring, turning raw data into actionable insights—skilled at finding and telling the story within complexity
- Managed **Git workflows, code reviews, and CI/CD pipelines via Jenkins**, ensuring smooth handoffs and quality across deployments—bringing the same attention to detail and process discipline to content production and shoot coordination
- Completed **MSc in Data Analytics** (Dublin) alongside full-time engineering work, demonstrating reliability, adaptability, and resourcefulness under pressure while maintaining output quality

SKILLS

Content & Storytelling – Short-form narrative, authentic voice, community engagement, caption writing.

Production & Coordination – Shoot logistics, real-time content capture, workflow management, calendar planning.

Technical – Python, SQL, Git, Linux, Docker, basic video editing concepts.

Tools & Platforms – Jira, Confluence, Jenkins, CloudWatch, Splunk, content management.

Soft Skills – Cross-functional collaboration, Agile execution, adaptability under pressure, reliable communication.

Brand & Culture – Taste-driven thinking, DTC mentality, sport/lifestyle awareness, doing more with less.

Travel & Flexibility – Comfort with relocation, on-the-move execution, unstructured environments.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Reliability & Real-Time Content Capture (HCL Technologies)

- Built and maintained **real-time monitoring dashboards** using **Splunk and Dynatrace** across mission-critical Java/.NET services, identifying and resolving incidents before they impacted business—trained eye for what matters and what needs immediate attention
- Designed **Python automation workflows** to transform raw operational data into clean, actionable reporting—same discipline applied to turning raw footage and moments into polished, on-brand social content
- Collaborated with development, ops, and business teams in **Scrum ceremonies** to prioritize workstreams and ensure reliable delivery—comfortable working closely with founders, marketing partners, and external collaborators under deadline

Data Pipeline & Production Automation (HCL Technologies)

- Engineered **ETL pipelines in Python** using **pandas and NumPy** for scheduled data ingestion, transformation, and reporting across distributed systems—applied the mindset of efficiency and elegance to operational workflows
- Optimized **Linux shell scripts and cron jobs** for production tasks, reducing manual toil and improving system reliability—brings the same automation-first thinking to content calendar management and asset tracking
- Managed **AWS infrastructure (EC2, S3, Lambda)** and **Docker containerization** for consistent, reproducible deployments—comfortable with technical scaffolding that keeps operations running smoothly on shoots and campaigns

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
