PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Architected and developed **RESTful APIs** using **Java Spring Boot** for enterprise applications, enabling seamless integration across multiple services and supporting high-throughput production environments with **99.5% uptime**.
- Designed and optimized **relational database schemas (PostgreSQL, MySQL, Oracle)** and implemented **data models** for complex business logic, ensuring data integrity and **30% improvement** in query performance through indexing and query optimization.
- Developed full-stack solutions with **Spring Boot** backend and **Angular** frontend, collaborating with front-end engineers to deliver dynamic, responsive web applications aligned with UI/UX design principles.
- Implemented and maintained **CI/CD pipelines** using **Jenkins** and **Git**, automating deployment workflows and reducing manual deployment time by **40%**; performed code reviews and enforced best practices for clean, maintainable code.
- Provided production support and incident response for enterprise applications using **Splunk, CloudWatch, Dynatrace**, managing P1/P2 incidents and maintaining strict SLA compliance; participated in on-call rotations for 24/7 reliability.
- Engineered **Python**-based automation scripts and **ETL data pipelines** for scheduled reporting and data validation, reducing manual data processing overhead by **35%** and improving reporting accuracy across enterprise systems.

SKILLS

Backend & API Development – Java, Spring Boot, REST APIs, Python, Flask, FastAPI.

Frontend Technologies – Angular, React, HTML, CSS, JavaScript.

Databases & Data Management – PostgreSQL, MySQL, Oracle, SQL query optimization, schema design.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, containerization.

DevOps & CI/CD – Jenkins, Git, CI/CD pipelines, Linux, shell scripting.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, production support, SLA management.

Methodologies & Tools – Agile, Scrum, Jira, Confluence, automated deployment.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Spring Boot Microservices Platform (HCL Technologies)

- Designed and implemented **RESTful API endpoints** in **Spring Boot** for a large-scale enterprise application, handling high-volume transaction requests across distributed systems.
- Optimized **PostgreSQL database schemas** and implemented **data models** to support complex business workflows, improving query response time by **35%**.
- Collaborated with front-end engineers to integrate **Angular**-based UI with backend services, ensuring seamless data flow and responsive user experiences.
- Maintained production deployment pipelines using **Jenkins** and **Git**, enabling rapid feature releases while maintaining code quality through automated testing and code reviews.

Real-Time Monitoring & Automated Incident Response System (HCL Technologies)

- Developed **Python automation scripts** integrated with **Splunk, Dynatrace, CloudWatch** to provide real-time monitoring and alerting for enterprise applications.
- Built **data pipelines** for log aggregation and metrics analysis, reducing P1 incident detection time by **50%** and enabling faster root cause analysis.
- Implemented **AWS Lambda** functions for scheduled health checks and automated remediation, improving system reliability and reducing manual intervention overhead.
- Participated in on-call rotations and provided **production support**, resolving critical incidents while maintaining strict SLA compliance for enterprise customers.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
