PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and maintained **REST APIs** using **Java Spring Boot**, delivering **5+ microservices** in production with sub-100ms latency; managed schema evolution across **PostgreSQL** and **Oracle** databases supporting **10M+ daily transactions**.
- Implemented **Python**-based ETL pipelines and data automation scripts, reducing manual reporting overhead by **40%** and improving data pipeline reliability to **99.8% uptime** using **Apache Airflow** and scheduled batch jobs.
- Led production reliability and incident response as on-call engineer, reducing **P1 incident** MTTR by **35%** through proactive monitoring with **Splunk**, **Dynatrace**, and **CloudWatch**; managed SLAs across critical enterprise services.
- Deployed and scaled backend services on **AWS** infrastructure (**EC2**, **Lambda**, **S3**); containerized applications using **Docker** and orchestrated CI/CD pipelines via **Jenkins**, reducing deployment time by **50%**.
- Collaborated in **Agile/Scrum** teams, delivering **40+ features** and bug fixes through rigorous code reviews and **Git** workflow; mentored junior engineers on backend best practices and system design patterns.
- Performed advanced **SQL** optimization and ad-hoc analytics across multiple RDBMS platforms; authored **Linux** shell scripts and cron automation for operational tasks, improving system observability and reducing manual toil.

SKILLS

Backend & API Development – Java, Spring Boot, REST APIs, Microservices, Design Patterns.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, SQL Optimization, ETL Pipelines, Data Validation.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, CI/CD, Git.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, SLA Management, Incident Response, P1/P2 Triage.

Languages & Scripting – Python, Java, Shell Script, Linux, Bash.

Tools & Collaboration – Jira, Confluence, Agile/Scrum, Code Review.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Spring Boot Microservices Platform (HCL Technologies)

- Architected and deployed **5 interconnected REST API microservices** using **Spring Boot** and **PostgreSQL**, handling **10M+ daily transactions** with **99.9% uptime SLA**.
- Implemented robust error handling, retry logic, and circuit breaker patterns; monitored service health using **Dynatrace** and **CloudWatch**, reducing production incidents by **45%**.
- Containerized services with **Docker** and automated deployment pipelines via **Jenkins**, enabling **20+ releases per sprint** with zero-downtime deployments.

Automated Data Pipeline & Observability System (HCL Technologies)

- Built end-to-end **Python-based ETL pipeline** using **pandas** and **NumPy** for data ingestion, transformation, and warehouse loading; scheduled jobs using **cron** and **Linux** automation.
- Reduced manual reporting overhead by **40%** and improved data accuracy through automated validation scripts; integrated **Splunk** for real-time log analysis and alerting.
- Designed **AWS Lambda** functions for serverless data processing and scheduled **CloudWatch**-triggered workflows, achieving **99.8% pipeline reliability** and **30% cost reduction**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
