PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and maintained **production infrastructure monitoring** across enterprise Java/.NET applications using **Splunk, CloudWatch, and Dynatrace**; managed **P1/P2 incident response** and SLA compliance, reducing mean time to resolution by optimizing alerting thresholds and runbook automation.
- Automated infrastructure operations and data pipelines using **Python scripting, shell scripts, and cron jobs**; built ETL workflows that improved data validation efficiency and enabled scheduled reporting across distributed systems.
- Provisioned and managed **AWS cloud infrastructure (EC2, S3, Lambda, CloudWatch)**; containerized applications using **Docker** and deployed via **Jenkins CI/CD pipelines**, ensuring reproducible and reliable deployments across environments.
- Performed deep system troubleshooting and log analysis on **Linux** environments; diagnosed infrastructure and application issues using data-driven reasoning, collaborating with cross-functional teams to resolve critical incidents.
- Developed and maintained **REST APIs** using **Java Spring Boot**; wrote complex **SQL queries** across **PostgreSQL, MySQL, and Oracle** for data validation and schema optimization, supporting reliability engineering efforts.
- Contributed to a culture of continuous improvement through **code reviews, Git workflows, Jira ticketing**, and **Agile ceremonies**; actively sought knowledge on infrastructure patterns and system architecture to accelerate technical growth.

SKILLS

Infrastructure & Cloud – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, networking fundamentals.

Scripting & Automation – Python, shell scripting, cron jobs, ETL pipelines.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, incident response, SLA management.

Backend & APIs – Java Spring Boot, REST APIs, Flask, FastAPI.

Data & Databases – SQL, PostgreSQL, MySQL, Oracle, pandas, NumPy.

DevOps & CI/CD – Jenkins, Git, Jira, Confluence, Agile/Scrum.

Professional – Problem-solving, cross-functional collaboration, incident management, IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Architected and deployed **Splunk and Dynatrace monitoring dashboards** for real-time visibility into enterprise Java and .NET application health across distributed infrastructure.
- Implemented automated alerting thresholds and on-call runbooks, reducing incident escalation time and improving SLA compliance for production support teams.
- Conducted root cause analysis on critical incidents using **CloudWatch logs, Dynatrace traces, and Linux system logs**; communicated findings to stakeholders with clear, data-driven recommendations.

Infrastructure Automation & CI/CD Pipeline Enhancement (HCL Technologies)

- Built **Python automation scripts** and **shell-based scheduled jobs** to streamline infrastructure provisioning, configuration management, and routine operational tasks.
- Optimized **Jenkins CI/CD pipelines** with improved **Git branching strategies** and automated deployment workflows; containerized multiple services using **Docker** for consistency across development, staging, and production environments.
- Authored and maintained SQL scripts for database schema validation and performance tuning across **PostgreSQL, MySQL, and Oracle**; collaborated with development teams to ensure reliable data layer operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
