PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **end-to-end production support** for enterprise Java/.NET applications across financial and banking clients, managing **P1/P2 incident response** and maintaining **SLA compliance** through proactive monitoring with **Splunk, CloudWatch, and Dynatrace**.
- Owned **data onboarding and BAU data provisioning** using **Python** scripting and **SQL** (PostgreSQL, MySQL, Oracle) for ETL pipelines, ad-hoc queries, schema validation, and scheduled reporting—ensuring data accuracy and timeliness across production environments.
- Translated complex business logic into functional and technical specifications by partnering with stakeholders and engineering teams; validated **SQL implementations** and data transformations to ensure alignment with business intent and requirements.
- Drove **root cause analysis and resolution** of production data and application issues, implementing preventative measures and continuous improvements that reduced recurring defects and improved system reliability.
- Contributed to **Agile delivery** across sprint planning, backlog refinement, story breakdown, and acceptance criteria definition; participated in code reviews and **CI/CD pipelines** using **Jenkins, Git**, and Jira for end-to-end traceability.
- Built and maintained **REST APIs** and microservices using **Java Spring Boot**; containerized applications with **Docker** and deployed to **AWS** (EC2, S3, Lambda, CloudWatch), supporting scalable, reliable data product delivery.

SKILLS

Data & Analytics – SQL (PostgreSQL, MySQL, Oracle), Python, ETL, data pipelines, pandas, NumPy, data quality assessment.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

Backend & API Development – Java Spring Boot, REST APIs, microservices.

DevOps & Tools – Jenkins, Git, Jira, Confluence, CI/CD, code review.

Monitoring & Support – Splunk, Dynatrace, production support, SLA management, incident response.

Agile & Stakeholder Management – Agile/Scrum, sprint planning, backlog refinement, cross-functional collaboration.

Education – MSc Data Analytics, IELTS Academic Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Banking Application – Production Support & Data Quality (HCL Technologies)

- Managed **P1/P2 production incidents** for a global financial services client's Java application, achieving **95%+ SLA compliance** through real-time monitoring using **Splunk and CloudWatch**.
- Owned **data validation and quality assurance** using **SQL** scripts to identify data discrepancies, investigate root causes, and implement corrections across PostgreSQL and Oracle databases.
- Partnered with business analysts and engineering teams to decompose complex reconciliation logic, document data flows, and validate that implementation matched business requirements.

Financial Services Data Pipeline & ETL Automation (HCL Technologies)

- Designed and deployed **Python-based ETL pipelines** for daily data onboarding from multiple source systems, automating data extraction, transformation, validation, and loading into data warehouses.
- Developed **SQL procedures** and scheduled **cron jobs** to perform data reconciliation, quality checks, and anomaly detection; reduced manual effort by **40%** and improved data timeliness.
- Supported **Agile sprint cycles** by collaborating on backlog refinement, acceptance criteria definition, and release readiness; troubleshooted production data issues and implemented continuous improvements to reduce defect recurrence.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
