## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India** **09/2021 – 01/2025 (3.5 Years)**

---

- Managed **document control and version management** across enterprise Java/.NET applications, ensuring accuracy, compliance, and auditable records through **Git** branching protocols, code reviews, and **CI/CD** pipeline governance in regulated production environments.
- Coordinated **multi-stakeholder documentation** and incident response across distributed teams using **Jira**, **Confluence**, and ticketing systems; maintained SLA compliance and communicated status to internal and external stakeholders with strong attention to detail.
- Developed **Python automation scripts** and **ETL data pipelines** for compliance reporting, data validation, and scheduled document generation; ensured data integrity and **GDPR**-aligned record-keeping practices.
- Demonstrated organisational excellence through production support responsibilities, managing **multiple priorities** and **P1/P2 incidents**, prioritising urgent requests, and meeting strict operational deadlines across complex infrastructure.
- Proficient in **Microsoft Office** suite and experience with **SharePoint**-like document management systems; utilised **SQL** for data validation, schema documentation, and maintaining accurate, auditable records across multiple database platforms.
- Completed **MSc in Data Analytics** with advanced training in data governance, compliance frameworks, and quality assurance; holds professional certifications in **Full Stack Java Spring Boot**, web development, and **Python** programming demonstrating commitment to continuous professional development.

## SKILLS

**Document & Records Management** – version control, document numbering, compliance tracking, Jira, Confluence, audit support.

**Administrative & Office Tools** – Microsoft Word, Excel, Outlook, SharePoint fundamentals, document registers.

**Data Management & Compliance** – SQL (PostgreSQL, MySQL, Oracle), data validation, GDPR awareness, record accuracy.

**Stakeholder Communication** – cross-team coordination, incident reporting, status updates, external liaison.

**Technical & Process Automation** – Python scripting, ETL pipelines, Linux, shell scripting, process optimisation.

**IT Infrastructure & Tools** – Git, Jenkins CI/CD pipelines, AWS (EC2, S3, Lambda), Docker, CloudWatch monitoring.

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin** **02/2026**

---

**BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India** **01/2021**

---

## PROJECTS

### **Production Support & Enterprise Documentation Governance (HCL Technologies)**

- Managed **version control and documentation protocols** for enterprise applications serving multiple clients; maintained comprehensive audit trails and change logs using **Git** and **Jira**.
- Coordinated **compliance documentation** across **P1/P2 incident response** cycles, ensuring accurate, timestamped records and handover documentation between development, operations, and stakeholder teams.
- Supported **SLA compliance** through meticulous record-keeping of incident timelines, resolutions, and post-incident reviews using **Splunk** and **Dynatrace** monitoring data.

### **Data Pipeline & Compliance Reporting Automation (HCL Technologies)**

- Designed and maintained **Python-based ETL pipelines** for generating scheduled compliance reports and data validation checks; ensured data integrity and accuracy of all output records.
- Implemented **automated documentation workflows** using **SQL** queries and **pandas** for extracting, validating, and formatting structured data into audit-ready reports.
- Established **version-controlled data schemas** and maintained comprehensive technical documentation of pipeline logic, data transformations, and record-keeping standards aligned with compliance requirements.

## **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
