+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Designed and executed **data validation pipelines** using **Python** and **SQL** to ensure accuracy and compliance of enterprise datasets; performed root cause analysis on data quality issues, reducing reporting errors by **30%**.
- Developed **automated ETL workflows** and scheduled reporting systems using **Python** scripting, enabling reliable data ingestion and transformation for regulatory and operational analysis across multiple pharmaceutical systems.
- Managed production support and monitoring of mission-critical applications using **Splunk, CloudWatch, and Dynatrace**; implemented proactive alerting and SLA management protocols aligned with quality and compliance requirements.
- Built and maintained **REST APIs** and microservices using **Java Spring Boot**, applying version control discipline (**Git**) and peer review processes to ensure code quality and regulatory traceability.
- Executed infrastructure and deployment tasks across **AWS (EC2, S3, Lambda)** and containerized environments using **Docker**; managed CI/CD pipelines with **Jenkins** to support reliable release management.
- Completed **MSc in Data Analytics** with coursework in statistical analysis, data engineering, and machine learning methodologies; demonstrated strong technical writing and documentation skills through academic research and professional reporting.

SKILLS

Programming & Data Engineering – Python, SQL, pandas, NumPy, ETL/data pipelines, Flask, FastAPI.

Chemistry & Life Sciences Analysis – Data interpretation, analytical method development, compliance with SOP documentation, GMP/GLP principles.

Cloud & DevOps Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, CI/CD (Jenkins), Git, Linux.

Monitoring & Compliance Tools – Splunk, Dynatrace, CloudWatch, Jira, Confluence, SOP management.

Software Development – Java Spring Boot, REST APIs, database design (PostgreSQL, MySQL, Oracle).

Project & Technical Skills – Problem-solving, root cause analysis, technical writing, Agile/Scrum, project coordination, mentoring.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Pharmaceutical Data Quality & Compliance Framework (HCL Technologies)

- Architected a **Python-based data validation system** that automatically ingested, transformed, and validated pharmaceutical product data against regulatory protocols and client specifications.

- Implemented **SQL schema optimization** and **ETL pipelines** to consolidate data from multiple sources, ensuring traceability and compliance with GMP documentation standards.
- Created automated compliance reports using **pandas** and **NumPy**, enabling real-time data review and root cause analysis for quality issues; reduced manual QA review time by **40%**.

Enterprise Monitoring & Incident Response System (HCL Technologies)

- Managed production support operations using **Splunk** and **Dynatrace** for real-time application monitoring; configured SLA-aligned alerting and escalation workflows for P1/P2 incidents across pharmaceutical enterprise systems.
- Designed and deployed **Python automation scripts** to streamline incident triage, data collection, and post-incident reporting; coordinated troubleshooting and communication with cross-functional teams and stakeholders.
- Maintained infrastructure deployments on **AWS (EC2, S3, Lambda)** using **Docker containerization** and **Jenkins CI/CD pipelines**, ensuring reliability and adherence to operational procedures.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
