

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **SQL**-driven data analysis and ad-hoc reporting on enterprise application performance, translating business requirements into **PostgreSQL, MySQL, and Oracle** queries for operational stakeholders; experience directly transferable to KPI reporting and performance variance analysis.
- Built **Python**-based **ETL pipelines** and automated data workflows using **pandas** and **NumPy**, improving data accuracy and reducing manual reporting overhead by enabling timely insight delivery to senior leadership.
- Monitored and analysed system reliability using **Splunk, CloudWatch, and Dynatrace**, identifying performance bottlenecks and driving operational improvements—foundational discipline for translating technical metrics into business-relevant KPIs.
- Developed and maintained **REST APIs** and microservices using **Java Spring Boot**, collaborating with operational teams to ensure system integration and data structure fitness for purpose across multiple client environments.
- Managed end-to-end **CI/CD pipelines** via **Jenkins** and **Git**, supporting rapid iteration and deployment; experience with version control and release discipline applicable to maintaining internal reporting tools and databases.
- Completed **MSc in Data Analytics** (National College of Ireland, Dublin, Feb 2026) with advanced training in statistical analysis, data mining, and business intelligence methodologies; supported by full-stack development certifications in **Java Spring Boot, Angular, and Python**.

SKILLS

Data & Analytics – SQL, data analysis, ad-hoc reporting, ETL, data mining, KPI development.

Programming & Scripting – Python, Java, SQL, shell scripting, VBA.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Tools & Platforms – Excel (advanced), PowerPoint, Jira, Confluence, Jenkins, Git, Splunk, Dynatrace.

Databases – PostgreSQL, MySQL, Oracle.

Frameworks & Libraries – Spring Boot, pandas, NumPy, Flask, FastAPI.

Methodologies – Agile/Scrum, SLA management, incident response, business intelligence.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Performance Monitoring & Reporting (HCL Technologies)

- Engineered **SQL-based reporting solutions** and ad-hoc analysis on Java/.NET application performance data, extracting insights from **Splunk and CloudWatch** to support SLA management and P1/P2 incident response.
- Developed **Python automation scripts** to collate daily and weekly operational KPIs for senior stakeholders, reducing manual effort and improving timeliness of insight delivery to operational and planning teams.
- Collaborated with operational teams to define performance metrics, ensure data accuracy, and present findings in business-relevant formats aligned with client requirements.

Data Pipeline & Automation Framework (HCL Technologies)

- Built end-to-end **ETL pipelines** using **Python, pandas, and PostgreSQL** to consolidate multi-source operational and application data into centralised reporting databases.
- Implemented scheduled **cron jobs** and **Linux shell scripts** to automate data validation, transformation, and delivery workflows, ensuring data structure fitness for purpose across reporting systems.
- Integrated **AWS Lambda and S3** for scalable data processing, supporting near-real-time insight generation for forecasting and performance efficiency analysis.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
