

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and maintained **reliability engineering** practices for enterprise **Java** and **.NET** applications across production environments, leveraging **Splunk**, **CloudWatch**, and **Dynatrace** for SLA-driven incident response and P1/P2 triage, reducing mean-time-to-resolution by approximately **30%**
- Architected **Python**-based data pipelines and **ETL** workflows for enterprise reporting and analytics, integrating **PostgreSQL**, **MySQL**, and **Oracle** databases with automated scheduling and validation to support data-driven decision-making across teams
- Developed and deployed **REST APIs** and microservices using **Spring Boot**, with **Docker** containerisation and **AWS** infrastructure (**EC2**, **S3**, **Lambda**, **CloudWatch**), following **CI/CD** best practices through **Jenkins** pipelines and Git-based workflows
- Contributed to **software engineering** best practices through code reviews, Agile ceremony participation, and defect tracking via **Jira** and **Confluence**, ensuring quality and knowledge-sharing across distributed teams
- Performed advanced **Linux** systems administration including shell scripting, log analysis, and cron job automation to support operational efficiency and infrastructure reliability
- Completed **MSc in Data Analytics** at National College of Ireland with practical focus on data engineering, analytics tools, and statistical methods, complementing **3.5 years** of full-stack software engineering experience in production environments

SKILLS

Programming Languages – Python, Java, SQL, Shell Scripting.

Backend & API Development – Spring Boot, REST APIs, Flask, FastAPI.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Data Engineering & Databases – ETL, Data Pipelines, PostgreSQL, MySQL, Oracle, pandas, NumPy.

DevOps & CI/CD – Jenkins, Git, Docker, CloudWatch, Splunk.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, SLA Management.

Frontend Fundamentals – React, Angular.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Production Support & Reliability Engineering Platform (HCL Technologies)

- Monitored and maintained uptime for mission-critical **Java** and **.NET** applications serving thousands of users, implementing **Splunk** dashboards and **Dynatrace** alerts to track SLA compliance and reduce P1 incident

frequency

- Designed automated response workflows and runbooks for common failure scenarios, leveraging **Python** scripting to correlate logs and trigger rapid escalation, reducing MTTR across teams
- Collaborated with development and infrastructure teams to identify systemic reliability issues and implement preventive measures, translating operational insights into architecture improvements

Data Pipeline & ETL Automation System (HCL Technologies)

- Built end-to-end **ETL** pipelines using **Python** with **pandas** and **NumPy** to extract, transform, and load data from multiple sources (**PostgreSQL**, **MySQL**, **Oracle**) into analytics repositories
- Deployed scheduled **Lambda** functions and **cron** jobs on **AWS** and Linux servers to automate daily reporting, reducing manual data preparation effort by approximately **40%**
- Developed data validation and quality checks within pipelines, ensuring schema consistency and traceability through **Git**-based version control and **Jenkins** automation

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
