+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India** 09/2021 – 01/2025 (3.5 Years)

---

- Supported production reliability and system health for enterprise applications across **AWS** infrastructure (**EC2, S3, Lambda, CloudWatch**), implementing monitoring via **Splunk** and **Dynatrace** with **SLA management** and P1/P2 incident response protocols aligned to client requirements and timelines.
- Designed and executed **Python**-based automation scripts and **ETL data pipelines** for scheduled reporting and data validation, demonstrating strong organisational and time management capabilities in cross-functional delivery.
- Collaborated with multi-disciplined engineering teams on **Java Spring Boot** feature development and **REST API** design; maintained code quality through **Git** branching workflows and peer code reviews in **Agile/Scrum** ceremonies.
- Performed ad-hoc **SQL** queries, schema validation, and data integrity checks across **PostgreSQL, MySQL, and Oracle** databases, supporting project decision-making and compliance documentation.
- Coordinated project progress tracking using **Jira** ticketing, defect logs, and **Confluence** documentation; assisted in monitoring deliverables against budgets and timelines in line with company procedures.
- Applied **Linux** system administration, log analysis, and shell scripting for operational efficiency; containerised applications using **Docker** and orchestrated **CI/CD pipelines** via **Jenkins** for seamless deployment.

## SKILLS

**Engineering & Project Support** – project coordination, design support, contract compliance, H&S; standards alignment, client liaison.

**IT & Software** – Java Spring Boot, Python, SQL, REST APIs, AWS, Docker, Jenkins, Git.

**Data & Reporting** – ETL pipelines, data validation, PostgreSQL, MySQL, Oracle, Splunk, analytics.

**Cloud & Infrastructure** – AWS (EC2, S3, Lambda, CloudWatch), Linux, CI/CD, containerisation.

**Office & Tools** – Microsoft Word, Excel, PowerPoint, Jira, Confluence, agile workflows.

**Soft Skills** – communication, written documentation, organisational management, multicultural collaboration, commercial awareness.

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin** 02/2026

---

**BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India** 01/2021

---

## PROJECTS

**Enterprise Application Reliability & Monitoring Initiative (HCL Technologies)**

- Led production support operations for critical enterprise **Java/.NET applications**, establishing **SLA management protocols** and implementing real-time monitoring dashboards using **Splunk, CloudWatch, and**

### **Dynatrace.**

- Reduced incident response time by **30%** through structured P1/P2 escalation procedures and root-cause analysis documentation, ensuring client compliance and service continuity.
- Coordinated with project and infrastructure teams to optimise system health, applying Linux log analysis and maintaining detailed project documentation for stakeholder reporting.

### **Data Pipeline & Automation Engineering (HCL Technologies)**

- Architected end-to-end **Python ETL pipelines** for scheduled data ingestion, transformation, and reporting across distributed **AWS** environments, delivering **25+ automated reports** monthly.
- Performed rigorous **SQL data validation** against **PostgreSQL, MySQL, and Oracle** schemas; identified and resolved **15+ critical data integrity issues** affecting project deliverables.
- Collaborated with **multi-disciplined teams** to document requirements, manage defects in **Jira**, and ensure compliance with organisational procedures and quality standards throughout delivery phases.

## **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
