PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and incident response** for enterprise Java/.NET applications, managing **P1/P2 incidents** and maintaining **SLA compliance** through proactive monitoring with **Splunk, CloudWatch, and Dynatrace**—directly applicable to WalkMe's customer-facing support model.
- Diagnosed and resolved application issues using **browser developer tools, application logs, and diagnostic utilities**; collaborated with development teams to communicate root causes and solutions to stakeholders, building strong customer-advisor relationships.
- Developed **Python automation scripts and ETL pipelines** to streamline operational workflows and reporting; demonstrated technical problem-solving ability to grasp new technologies quickly and apply them to improve customer experience.
- Communicated technical solutions across multiple formats including **email, live chat, conference calls, and screen-share sessions** with internal and external stakeholders, ensuring clarity and customer understanding in challenging troubleshooting scenarios.
- Mastered **HTML, CSS, and browser-based debugging** through full-stack web development coursework; applied knowledge to frontend and backend integration work on **REST APIs**, enabling rapid articulation of web technology issues to customers.
- Completed **MSc in Data Analytics** (February 2026) while managing full-time support responsibilities, demonstrating independent problem-solving, time management, and commitment to continuous professional development aligned with WalkMe's learning culture.

SKILLS

Customer Support & Communication – technical troubleshooting, email and live chat support, screen sharing, incident management, SLA compliance, customer-first problem solving.

Web & Frontend Technologies – HTML, CSS, jQuery, browser developer tools, REST APIs, React, Angular.

Monitoring & Diagnostics – Splunk, Dynatrace, CloudWatch, application logs, log analysis, diagnostic tools.

Backend & Cloud Technologies – Java Spring Boot, Python, AWS (EC2, S3, Lambda), Docker, Linux.

Databases & Data Tools – PostgreSQL, MySQL, Oracle, SQL, pandas, NumPy.

DevOps & Collaboration – Jenkins, Git, Jira, Confluence, Agile/Scrum, code reviews.

Professional Qualifications – MSc Data Analytics, Bachelor of Engineering Computer Science, IELTS Band 7, Full Stack Java Spring Boot & Angular certification.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Owned production monitoring for high-availability enterprise Java and .NET applications supporting multiple customer environments using **Splunk and Dynatrace dashboards**.
- Responded to critical incidents with rapid diagnosis using **application logs, CloudWatch metrics, and diagnostic tools**; communicated root causes and remediation steps to customers via email and screen shares, achieving consistent **SLA compliance**.
- Developed runbooks and troubleshooting guides to enable customer self-sufficiency, reducing escalation volume and improving overall support efficiency.

Python Automation & Data Pipeline Development (HCL Technologies)

- Built **Python ETL scripts and automated reporting pipelines** to extract, transform, and validate data from multiple database sources (**PostgreSQL, MySQL, Oracle**), demonstrating technical depth in problem-solving and new technology adoption.
- Applied **pandas and NumPy libraries** for data analysis and generated scheduled reports that improved operational visibility for stakeholders, applying best practices for data quality and reliability.
- Collaborated with cross-functional teams to translate business requirements into technical solutions, strengthening ability to understand and fulfil customer goals through technology.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
