PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported production reliability and data quality for enterprise applications using **Splunk**, **CloudWatch**, and **Dynatrace**; managed SLA compliance and investigated **P1/P2 incidents** with rapid root-cause analysis and resolution.
- Designed and maintained **Python**-based **data pipelines** and **ETL workflows** for automated reporting and data validation, reducing manual processing time by **30%** and improving data accuracy across lab-critical metrics.
- Developed proficiency in **SQL (PostgreSQL, MySQL, Oracle)** for ad-hoc queries, schema validation, and data integrity checks; supported compliance documentation and audit-ready data structures.
- Built and maintained **REST APIs** and microservices using **Java Spring Boot**; implemented features and bug fixes on production systems with strict **CI/CD (Jenkins)** and code review discipline.
- Deployed containerized applications using **Docker** and cloud infrastructure (**AWS EC2, S3, Lambda**); automated operational tasks with **Linux shell scripting** and **cron jobs** for reliability and scalability.
- Completed **MSc in Data Analytics** with expertise in statistical analysis, data visualization, and technical reporting; skilled in translating raw data into actionable insights for stakeholder decision-making and process improvement.

SKILLS

Data Analysis & Reporting – SQL, Python (pandas, NumPy), data validation, trend analysis, technical report writing.

Laboratory Information Systems – Splunk, CloudWatch, Dynatrace, cGMP-aligned documentation, audit preparation.

Programming & Scripting – Python, Java Spring Boot, SQL, Flask, FastAPI, Linux shell scripting.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins CI/CD, Git.

Quality & Compliance – Production support, incident investigation, data integrity, SLA management.

Analytical & Testing Tools – Jira, Confluence, PostgreSQL, MySQL, Oracle.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Production Support & Reliability Engineering (HCL Technologies)

- Monitored enterprise **Java** and **.NET** applications across **AWS** infrastructure using **Splunk**, **CloudWatch**, and **Dynatrace**, achieving consistent SLA adherence and **99.2% uptime**.

- Investigated and resolved **P1/P2 production incidents** with root-cause analysis; documented findings in **Jira** and implemented preventive controls to reduce recurrence by **40%**.
- Collaborated with development teams on **CI/CD pipelines (Jenkins, Git)**, code reviews, and deployment validation to ensure quality and compliance in regulated environments.

Data Pipeline & Analytics Engineering (HCL Technologies)

- Engineered **Python-based ETL pipelines** that automated data extraction from multiple sources, transformation using **pandas** and **NumPy**, and loading into **PostgreSQL** and **MySQL** for enterprise analytics.
- Developed scheduled reporting workflows and ad-hoc **SQL** queries for stakeholder dashboards; validated data integrity and schema compliance to support regulatory and operational reporting.
- Deployed automation scripts on **AWS Lambda** with **Docker** containerization; reduced manual data processing effort by **35%** and improved reporting accuracy and timeliness.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
