PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Executed **quality assurance and production support** for enterprise Java/.NET applications, monitoring system compliance and resolving **P1/P2 incidents** using **Splunk, CloudWatch, and Dynatrace**; managed SLAs and maintained detailed incident documentation.
- Developed **Python automation scripts** and **data pipelines** for validation workflows, ETL processes, and scheduled reporting; demonstrated strong analytical and problem-solving skills in identifying data quality issues.
- Performed **SQL analysis** across **PostgreSQL, MySQL, and Oracle** databases; conducted ad-hoc queries, schema validation, and data integrity checks to ensure compliance with specifications.
- Supported **CI/CD processes** through **Jenkins pipeline** management and **Git** version control; participated in code reviews and maintained comprehensive documentation in **Jira and Confluence**.
- Collaborated with cross-functional teams in Agile/Scrum environments, liaising with developers and stakeholders on defect resolution, root cause analysis, and corrective actions for non-conformances.
- Demonstrated attention to detail and organizational skills through systematic **Linux** log analysis, shell scripting, and maintenance of inspection records; promoted quality standards and continuous improvement practices.

SKILLS

Quality Assurance & Compliance – QA/QC processes, documentation, inspection reporting, compliance management, root cause analysis.

Data Analysis & Validation – SQL, Python, pandas, NumPy, data integrity checks, ETL workflows.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

Development & Version Control – Java, Spring Boot, REST APIs, Git, Jenkins, CI/CD pipelines.

Tools & Systems – Splunk, Dynatrace, Jira, Confluence, MS Office.

Soft Skills – attention to detail, analytical thinking, cross-functional collaboration, communication, health and safety commitment.

Education – MSc Data Analytics (National College of Ireland), Bachelor of Engineering in Computer Science (SNS College of Technology).

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Production Support & Reliability Engineering (HCL Technologies)

- Monitored and maintained **enterprise Java/.NET applications** in production environments using **Splunk, CloudWatch, and Dynatrace**; responded to critical incidents and ensured compliance with SLAs.
- Conducted systematic **log analysis** and **Linux**-based troubleshooting to identify performance issues and root causes; documented findings in detailed **Jira tickets** and improvement reports.
- Collaborated with development and operations teams to implement corrective actions, resolve non-conformances, and promote quality standards across the platform.

Data Pipeline & Quality Validation (HCL Technologies)

- Designed and deployed **Python automation scripts** for ETL workflows, data validation, and scheduled reporting; ensured data integrity across multiple business processes.
- Performed **SQL** analysis on **PostgreSQL, MySQL, and Oracle** databases to validate schema changes and verify data quality; documented validation procedures and test results.
- Integrated pipeline outputs with **Jenkins CI/CD** workflows and version control in **Git**; maintained clear documentation in **Confluence** to support team knowledge sharing and process repeatability.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
