PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Engineered and maintained **enterprise Java Spring Boot** microservices handling **REST API development** and feature deployment; demonstrated reliability engineering expertise through **production support** and SLA management using **Splunk, CloudWatch, and Dynatrace**
- Designed and optimized **Python**-based data pipelines and **ETL workflows** for automated reporting and data validation, reducing manual processing overhead by enabling scheduled job execution via **Linux cron** and shell scripting
- Built and deployed containerized applications using **Docker**; leveraged **AWS services (EC2, S3, Lambda, CloudWatch)** for scalable infrastructure; contributed to **CI/CD pipelines** via **Jenkins** and **Git** branching strategies
- Managed complex **SQL** workflows across **PostgreSQL, MySQL, and Oracle** databases, performing ad-hoc query optimization, schema changes, and data validation to support critical business operations
- Responded to **P1/P2 production incidents** with root cause analysis and remediation; conducted log analysis on **Linux** systems to diagnose and resolve distributed system failures affecting multiple customer integrations
- Collaborated in **Agile/Scrum** environments using **Jira** and **Confluence**; participated in code reviews and knowledge-sharing sessions to improve code quality and team capability in supporting large-scale applications

SKILLS

Backend & Distributed Systems – Java Spring Boot, REST APIs, Scala (learning), distributed systems concepts, scalability patterns.

Data Engineering & Automation – Python, ETL, data pipelines, pandas, NumPy, Flask, FastAPI.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

Databases – SQL, PostgreSQL, MySQL, Oracle, query optimization.

DevOps & Monitoring – Jenkins, Git, CI/CD pipelines, Splunk, Dynatrace, CloudWatch, Jira.

Frontend – React, Angular.

Soft Skills – Agile/Scrum, code reviews, production support, incident response, cross-functional collaboration.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise API & Application Reliability Engineering (HCL Technologies)

- Managed production support and real-time monitoring of **enterprise Java and .NET applications** using **Splunk, CloudWatch, and Dynatrace**, achieving **SLA compliance** through proactive alert management and

P1/P2 incident response

- Analyzed application logs and infrastructure metrics on **Linux** systems; diagnosed root causes of distributed system failures and implemented fixes to restore service availability across multiple customer environments
- Collaborated with development and infrastructure teams to improve observability and reduce mean time to resolution (MTTR) through enhanced monitoring dashboards and automated alerting

Data Pipeline Automation & Scalable Infrastructure Deployment (HCL Technologies)

- Developed **Python**-based automation scripts for **ETL workflows** and scheduled reporting, leveraging **pandas**, **NumPy**, and **cron jobs** to process and validate large datasets on **Linux** systems
- Deployed **Docker** containers and **AWS services (EC2, S3, Lambda)** to build scalable data processing pipelines; integrated with **Jenkins CI/CD pipelines** for automated testing and deployment
- Optimized **SQL queries** across **PostgreSQL, MySQL, and Oracle** databases; designed schema changes to support growing data volumes and improved query performance by **30%**

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
