

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Developed and maintained **REST APIs** and **Java Spring Boot** microservices for enterprise financial and operational applications, delivering features that improved system reliability and user experience for thousands of concurrent users
- Built automated data pipelines and ETL workflows using **Python**, **pandas**, and **SQL** (PostgreSQL, MySQL, Oracle) to validate financial datasets and enable real-time reporting, reducing manual data reconciliation by **40%**
- Owned production reliability and incident response for mission-critical applications using **Splunk**, **Dynatrace**, and **CloudWatch**, maintaining **99.5%+ SLA** through proactive monitoring and P1/P2 incident triage
- Implemented continuous delivery pipelines using **Jenkins**, **Git**, and **Docker** containerization; performed code reviews and collaborated with cross-functional teams to ensure code quality and adherence to industry standards
- Designed and deployed scalable cloud infrastructure on **AWS** (EC2, S3, Lambda, CloudWatch), optimizing resource allocation and reducing infrastructure costs through automation and monitoring best practices
- Completed MSc in Data Analytics with focus on data engineering and analytics platforms; maintained technical awareness through peer knowledge shares, pair programming sessions, and continuous skill development in modern UI frameworks and TypeScript

SKILLS

Frontend & UI Development – React, Angular, TypeScript, REST APIs, responsive design patterns.

Backend & Full Stack – Java Spring Boot, Python, Flask, FastAPI, microservices architecture.

Data & Database Technologies – SQL, PostgreSQL, MySQL, Oracle, pandas, NumPy, ETL pipelines.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

DevOps & Tooling – Jenkins, Git, CI/CD pipelines, Jira, Confluence, Agile/Scrum methodologies.

Monitoring & Reliability – Splunk, Dynatrace, production support, SLA management, incident response.

Education & Certifications – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7, Full Stack Java Spring Boot & Angular.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Enterprise Financial Application Platform (HCL Technologies)

- Architected and deployed **Spring Boot microservices** handling financial transaction processing and reporting for enterprise clients, ensuring **99.5%+ uptime** through robust error handling and distributed system design
- Developed **REST APIs** and database schemas supporting complex financial workflows; optimized **SQL queries** across PostgreSQL and Oracle, improving query performance by **35%** for large-scale financial datasets
- Implemented comprehensive monitoring using **Dynatrace** and **CloudWatch**, enabling real-time visibility into application health and user experience; reduced incident detection time from hours to minutes through proactive alerting

Data Pipeline & Automation Framework (HCL Technologies)

- Built end-to-end **ETL pipelines** using **Python, pandas**, and **SQL** to automate data validation and reconciliation for financial reporting, eliminating manual processes and reducing errors by **40%**
- Orchestrated automated workflows using **Jenkins** and **Linux shell scripting**, scheduling data processing jobs and generating regulatory reports on demand; integrated with **AWS Lambda** for serverless data transformations
- Collaborated with cross-functional teams to define data quality standards and implement unit and integration tests, ensuring data integrity across enterprise systems and supporting continuous delivery practices

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
