

# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India** **09/2021 – 01/2025 (3.5 Years)**

---

- Supported financial monitoring and SLA management for enterprise applications using **Splunk** and **CloudWatch**, demonstrating strong attention to detail and analytical rigor in identifying discrepancies and production issues.
- Performed data validation, reconciliation, and schema changes across **PostgreSQL, MySQL, and Oracle** databases; executed ad-hoc SQL queries to support financial and operational reporting requirements.
- Developed **Python** automation scripts and **ETL pipelines** for scheduled reporting and data processing, improving process efficiency and reducing manual effort in data preparation tasks.
- Collaborated with cross-functional teams across development, operations, and business units to resolve incidents and support decision-making through accurate data analysis and technical problem-solving.
- Maintained organised project workflows using **Jira** and **Confluence**, managing multiple concurrent priorities within Agile ceremonies while ensuring compliance with internal processes and documentation standards.
- Demonstrated proactive self-motivation through continuous learning in data analytics (MSc completion, Feb 2026) whilst maintaining full-time production support responsibilities, balancing technical depth with commercial awareness.

## SKILLS

**Financial Analysis & Data Management** – SQL (PostgreSQL, MySQL, Oracle), data validation, reconciliation, variance analysis.

**Automation & Process Improvement** – Python scripting, ETL pipelines, scheduled reporting, process optimisation.

**Systems & Monitoring** – Splunk, CloudWatch, Dynatrace, incident response, SLA management.

**Cloud & Infrastructure** – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

**Tools & Collaboration** – Jira, Confluence, Git, Jenkins, Microsoft Excel fundamentals.

**Professional Qualities** – Detail-oriented, analytical mindset, strong communication, adaptability, self-motivated learner.

**Qualifications** – MSc Data Analytics (National College of Ireland), Bachelor of Engineering Computer Science, IELTS Band 7/9.

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin** **02/2026**

---

**BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India** **01/2021**

---

## PROJECTS

**Production Monitoring & Incident Response Framework (HCL Technologies)**

- Owned real-time monitoring of enterprise **Java/.NET** applications using **Splunk, CloudWatch, and Dynatrace**, ensuring SLA compliance and rapid P1/P2 incident resolution.
- Performed root cause analysis on production discrepancies, reconciling logs and system data to identify patterns and prevent recurrence.
- Collaborated with application and infrastructure teams to implement monitoring improvements, reducing mean-time-to-resolution by standardising alert configurations and escalation procedures.

#### **Financial Data Pipeline & Reporting Automation (HCL Technologies)**

- Designed and maintained **Python-based ETL pipelines** to extract, transform, and load operational and financial data into reporting systems, ensuring data accuracy and timeliness.
- Executed **SQL queries** against **PostgreSQL and Oracle** databases to validate data quality, reconcile account balances, and support month-end financial close processes.
- Automated scheduled reporting workflows, reducing manual effort and improving consistency of financial and operational dashboards delivered to stakeholders.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
