

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and maintained **production Python applications** handling real-time data pipelines and scheduled ETL workflows, ensuring **99%+ uptime** through proactive monitoring with **Splunk, CloudWatch, and Dynatrace**
- Developed **REST APIs and microservices** using **Java Spring Boot**, optimizing performance across **AWS infrastructure** (EC2, S3, Lambda) and containerized **Docker** environments for cross-platform deployment
- Implemented **Python automation scripts** and shell scripting for system reliability, log analysis, and infrastructure management on **Linux** systems, reducing manual intervention by approximately **40%**
- Collaborated with multidisciplinary teams in **Agile/Scrum environments**, delivering features through structured **Git branching workflows, Jenkins CI/CD pipelines, and code review processes** to ensure code quality
- Optimized **SQL queries** across **PostgreSQL, MySQL, and Oracle** databases, improving application performance and data validation for enterprise systems serving thousands of concurrent users
- Demonstrated strong attention to detail and problem-solving mindset through incident response, root cause analysis, and architectural documentation supporting distributed team collaboration

SKILLS

Programming Languages – Python, Java, C++.

Game Development & 3D Graphics – 3D simulation logic, cross-platform performance optimization, graphics pipeline fundamentals.

Python Frameworks & Libraries – Flask, FastAPI, pandas, NumPy.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, GitHub.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, SQL, ETL pipelines.

Monitoring & Reliability – Splunk, Dynatrace, production support, SLA management.

Collaboration & Documentation – Agile/Scrum, Jira, Confluence, code reviews, architectural documentation.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java/Python Application Reliability Engineering (HCL Technologies)

- Engineered **production support and monitoring** for mission-critical enterprise applications, implementing proactive incident detection and response protocols using **Splunk, CloudWatch, and Dynatrace**

- Developed **Python automation scripts** for data validation, ETL scheduling, and system health checks, reducing operational toil and improving team efficiency
- Managed **SLA compliance** for P1/P2 incidents across distributed systems, ensuring **99%+ availability** through rapid root cause analysis and cross-team collaboration

Microservices Architecture & Cloud Optimization (HCL Technologies)

- Architected and deployed **Java Spring Boot REST APIs** on **AWS infrastructure** (EC2, S3, Lambda), implementing containerization with **Docker** for consistent cross-platform deployment
- Optimized **SQL queries and database schemas** across **PostgreSQL and Oracle**, improving query performance by approximately **35%** and supporting horizontal scalability
- Established **Git workflows, Jenkins CI/CD pipelines, and code review standards** to enable seamless collaboration within Agile teams and ensure high-quality code delivery

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
